Alexander School Question Again Causes Debate

Mayor and Reeve Engage in Verbal Battle at Mere Mention of Alexander School—Council Decide to Meet Board of Health on Sewer Question—Personnel of Court of Revision Named—Much Business Transacted.

The Grimsby Town Council met in the Council Chamber on Wednesday evening last, his worship, Mayor Hewson, presiding. All members were present, the clerk in charge of the books. The reading and confirming of the minutes of the last meeting brought the order of business to the hearing of delegations.

Ex-Councillor Charles Durham appeared before the council asking permission to purchase some of the benches that were used at the Alexander School last year. The mere mention of the word Alexander School in the Council Chamber had the effect of a lighted match to the fuse of a big stick of dynamite and the entire room became electrified. Mr. Durham looked about and wondered if he had spoken out of his turn. Mayor Hewson and Reeve Tregunno entered into a very heated argument over the Alexander School question and the whole matter was rehearsed and dished up with a flock of new words, garnished with a lot of personalities. The bombardment continued between the Reeve and the Mayor for twenty minutes. Deputy Reeve Wilkins tried to break in but failed to do so and then suddenly the selling of the benches was forgotten. (Mr. Durham had long since taken a seat in the audience) and the advisability of passing a motion asking the Board of Education for the use of the property during the summer for tourists as heretofore, was considered. Here again the battle was resumed, one councillor stating, "We turned down the wishes of the people as expressed in the vote on the question and now we are going to give them a half-measure idea." The upshot of the whole affair was the putting of a motion asking the Board of Education for the use of the Alexander School property for tourist purposes which carried, all voting yes on the question excepting Deputy Reeve Wilkins who voted nay.

At this juncture Ex-Councillor Durham rose and apologized to the council for having in an indirect way brought up a matter on which such a very heated argument had developed. "I assure you, gentlemen, that I came up here to do business and not to start

an argument," said Mr. Durham, in conclusion.

The matter of lights in the form of red arrows at Palmer's Hill and Farrow's corner was up for discussion, and the necessary motion authorizing their purchase and erection was passed. The council dwelt at some length on the matter of having a stop-light at the bracket type at the head of Depot Street in front of the Post Office and it was left with the Fire and Light Committee to see if the lights could be erected on trial.

Sewers

A letter was read from the Board of Health asking for early action on sewers. It was at first the intention to file the letter, but Mayor Hewson, as a member of the Board of Health, pointed out that it was too serious a matter to file. The matter was then discussed and it was recommended that the Council meet the Board of Health at an early date to discuss the question.

The following were the motions: Moved by Reeve Tregunno, seconded by Councillor C. F. Merritt that J. W. Robinson be granted a permit to install billiard tables in the Mansion Hotel at the regular license fee, Carried.

Moved by Councillor Fairbank, seconded by Councillor Boulter, that the building permits of C. J. Eames, John Grant and Geo. Cox for the various purposes specified on their applications be authorized, the same to be under the supervision of the building inspector and subject to the town by-laws. Carried.

Moved by Councillor Bourne, seconded by Councillor Worsley, that leave be granted to introduce by-law No. 647, a by-law to appoint a time and place to hold a court of revision, and that Wednesday, June 12th, be the day appointed and that the Mayor, Deputy Reeve, and Aldermen Boulter, Fairbank and Merritt shall constitute such court of revision and that the by-law be now read a first time. Carried. By-law read a first time.

Moved by Councillor Moxley, seconded by Councillor Bourne that by-law No. 647 just read a first time be now read a second and third time and (Continued on Page 8)

Township Raises Gravel Prices

Teams Wreck Roads Hauling Gravel From Township Pier—Council to Raise Price—Permits Must be Had Before Taking Gravel.

North Grimsby Council last week made their annual tour of all township roads so that each member would know the condition of the roads and help them to determine the road programme for the year.

Reeve F. A. Oakes, when asked what work would be undertaken this year, told the Press that the Council had not yet come together to discuss the matter and a special meeting would be called to take up the road programme.

The inspection served to show the members of the council that teams hauling gravel from the Pier at the lake had not only damaged the roadways from the pier up but had also cut deep ruts in the roads in the vicinity of the pier. The wet condition of the roads was in some measure responsible but the council felt that teamsters hauling the gravel did not use their best judgment and were directly responsible for much of the damage and in order to compensate for the damage done, the Council at their meeting on Saturday raised the price of gravel to 50c per yard for gravel taken from the pier for use outside the municipality. Members of the council pointed out that the increase in price will not commence to pay for the damage done to the roads by those hauling gravel from the pier.

Annual Tulip Show Saturday

The annual Tulip Show will be held in the Masonic Hall on Saturday evening, May 18th, from seven o'clock. Admission free.

Members are invited to enter the competitive classes. Darwin—Class I, three blooms; II, six blooms; III, twelve blooms. All individual colors. Early Tulips. Best display. Exhibits of other spring flowers will be welcomed. The hall will be open from 3 p.m. for the reception of exhibits.

Members who failed to obtain their premium order forms on Saturday last, may procure them from the secretary at the above show.

This year the directors are giving one premium only of extra value, together with "The Canadian Horticulturist" for twelve months. Members may make their own selections from the local nurseries. Subscription for the year, one dollar. Now is an opportune time to join the society and new members will be gladly welcomed at the Tulip Show, or may affiliate with the secretary, W. E. Cullingford, at 127 Main Street, West.

"We cannot improve our own surroundings by planting flowers, shrubs and vines and maintaining well kept lawns, without naturally adding to the value of the neighborhood. Horticulture transforms a house into a home, a budding lot into a garden, a community into a neighborhood." J. Lockie Wilson. "In point of service and usefulness the horticultural societies take second place to none in the province. The chief thought of such an organization and its members is one of passing things of value to others." Hon. J. S. Martin.

Special Services Held on Sunday

The services held in the Trinity United Church last Sunday were of a special nature. The morning service was given over to the Sunday School. A choir of 45 boys and girls led the hymns and sang two choruses, with Mrs. Scott at the organ. James J. Theal, Sunday School superintendent, was in charge of the service. Mrs. Geo. E. Blair presented the temperance certificates to the girls and boys who had won them. Rev. Mr. Wood gave an address to the children on "Mothers." The congregation filled the church and entered heartily into the service which was thoroughly enjoyed by all present.

The church was again well filled for the Mother's Day Service in the evening. The music included, besides appropriate hymns, a quartette by Messrs. Milford, Milford and Patricia and a solo by Mr. Mary Mustafa. Mr. Wood spoke on "The Faith of Mothers," basing his message on the words of Mary to the disciples, "Whatsoever He saith unto thee, do it." The church was beautifully decorated with pink blossoms and spring flowers by the senior group of the C. I. T.

Courts of Revision To Meet in June

Town and Township Councils Pass By-laws Providing For Sittings of Courts—Personnel of Courts Also Named.

At the last meeting of the town and township councils the necessary by-laws setting aside the dates that the Courts of Revision would sit and their personnel was passed by the council.

In North Grimsby, on Saturday, June 8th, at 1:30 o'clock, to hear and determine all or any appeals against the assessment notified by the Assessor, the whole council to sit as a Court of Revision. In Grimsby, the Court will sit at 10 o'clock on the evening of Wednesday, June 12th, the following members of the council to constitute the Court: Mayor Hewson, Deputy Reeve Wilkins, Councillors Boulter, Fairbank and Merritt.

Smithville Fire Causes Big Loss

Two-Storey Structure is Destroyed—Grimsby's Fire Company Render Assistance.

Fire, the origin of which could not be determined, destroyed a two-storey building at Smithville, early Friday morning, occasioning a loss of about \$10,000. The owner and tenant, Ernest Merritt, was in Hamilton at the time, attending the Hindu Koosh ceremonial.

When he reached Smithville at 2 o'clock in the morning the building had already been devoured by the flames.

The ground floor was used as an undertaking establishment, conducted by Mr. Merritt, while the upper floor was the dwelling place of the family. Great difficulty was experienced in fighting the fire, for the Smithville department had to depend on a pump and water from the lake. Several of these were drained, and while the equipment was being moved on to others, the flames gained fresh headway. The Grimsby department, under Chief Talbot, arrived on the scene around 2:30, and did valuable service in preventing the spread of the blaze. Adjacent buildings were threatened for a time, but the use of chemical apparatus, which the Grimsby firemen brought, prevented the conflagration from assuming more serious proportions.

Coming Events

St. Andrew's W. A. are holding a rummage sale in the Marlatt Building, Saturday May 18th, beginning at 9:30. Will the members and friends who have anything for this sale please send Friday afternoon, Friday evening or Saturday morning.

CARD OF THANKS

C. A. McKane and daughters wish to thank their friends and neighbors for the kindness extended in their recent bereavement.

Township Council Appoints John Hiltz, Weed Inspector

Price of Gravel at Township Pier Was Raised Owing to Damage Done Roads by Teams Hauling Gravel—Township Engineer to Examine Ditches—Fire Siren Purchased For Use at Grimsby Beach—Much Business Transacted.

North Grimsby Township Council met in the town hall, Grimsby, on Saturday afternoon with Reeve Oakes presiding and all members of the council, Clerk T. Allan and Road Supt. W. B. Russ present.

There were several delegations before the council relative to drainage and roads. In each of the cases the council gave an attentive hearing and pointed out that all the matters would be discussed at a special meeting when the road programme was outlined.

Arising out of the road inspection was the damage done roads by teams hauling gravel from the township pier, and after much discussion, Deputy Reeve Tregunno moved, seconded by C. W. Worsley, that a charge of 50c per yard be made for gravel taken at the pier for use outside the township.

John Hiltz was the only applicant for the position of Weed Inspector, and as he performed the duties of that office last year, he was on motion of Deputy Reeve Lawson seconded by W. B. VanDuzer, reappointed Weed Inspector at 50c per hour.

Citizens Slumbered Peacefully As Danger Lurked In Town

New Fire Siren For The Beach

North Grimsby Council Purchase New Fire Alarm—Beach Fire Company Now Ready For Duty

North Grimsby Township Council, at their regular meeting in the town hall on Saturday afternoon passed the necessary motion authorizing the purchasing of a fire alarm siren to be erected at Grimsby Beach.

The Beach Fire Department is fast rounding into shape and this alarm will aid it materially, as well as sounding a general alarm to those residing at the Beach. It is said that the alarm will be placed at a central point and that it can be heard a mile away.

The organization of the Beach Fire Company under Fire Chief Charles Durham and the purchase of fire-fighting equipment should make the Beach residents feel reasonably safe from fires getting too great a headway.

Campaign is Progressing

Gift of \$10,000 Received From Former Resident of District Towards New Sanatorium—Many Are Contributing To Fund.

One of the encouraging features of the campaign now in progress to raise funds in behalf of the proposed Sanatorium is the fact that former citizens of the district who have done well abroad are offering their assistance.

The managers of the Consumptive Sanatorium drive have just acknowledged a check from Mrs. (Judge) Macdonald of Vancouver for \$10,000 and the generous gift is most highly appreciated.

The amount it is desired to raise is \$150,000 and those in charge of the campaign are bending every effort to realize this sum in the next few weeks. The district is being organized and various organizations are co-operating, including the service clubs to meet the objective set.

It is intimated that every dollar contributed will go directly into the actual construction and equipment of the institution as it is not proposed to spend any money on organization and campaign activities, it being felt that the cause itself has sufficient appeal to the people to ensure its success.

The cause is admittedly a commendable one and many have already contributed to the Sanatorium Fund. Contributions whether large or small will be gratefully accepted. As pointed out no act of giving will bring greater personal satisfaction to the donor or produce more direct and tangible results than a money gift to this splendid cause.

Unknown Person Opens Valve at C.N.R. Reservoir And Water Supply Drains Away—Town Without Water For Almost Three Hours—Danger of Bursting of Hot Water Heating Systems, And Hot Water Stove Fronts, Narrowly Averted—Detectives Work on Case in Effort to Apprehend Culprit or Culprits—C. N. R. Officials Co-operate With Town.

While citizens slumbered in the early hours of Sunday morning, April 28th, danger lurked through the town and only a few citizens are at the present time aware of the fact that many homes escaped damage. The officials of the town remained silent in order to make investigations. Detectives worked on the case and the press joined in keeping silent on the matter in order to give the investigators a chance to get to the bottom of what has been termed an infamous act.

Investigators have brought to light the whole affair and while reports from officials are hourly looked for there is nothing available for publication other than that which follows:

For a period of over two hours and a half on the date mentioned there was no water in the whole of the town's water works system, the reservoir being empty. Many citizens in the centre of the town were awakened by the snapping and banging of their hot water furnace pipes. Electric heaters in water tanks and hot water fronts in stoves all started to bang and thump as they boiled dry, while refrigerator and ice systems along Main Street were damaged owing to lack of water. The first warning came from Geo. Gear, proprietor of the Model Dairy, whose duties call him out at an early hour. Going in to his dairy he found his ice machine dead and no water. He immediately sounded the alarm and called out Waterworks Superintendent W. B. Smith, who upon looking up to the reservoir from his bedroom window saw that the level was low.

The reservoir was empty. Partly dressed he got in a car and rushed to the pump house and immediately started the pumps working. The second engineer arrived and Mr. Smith started for the town hall to look at the recording chart and found that at 12 o'clock on Saturday night, April 27, when the pumps were shut off, there was twelve feet of water in the reservoir and the gauge showed 107 lbs. pressure. At one o'clock Sunday morning the gauge showed 100 lbs. pressure.

sure and then at 1:10, the pressure dropped to 65 lbs. and continued at that pressure until 4:45 when for a few minutes it went to 99 lbs., steadily dropping to 10 lbs. and then to 9 lbs. (alarm sounded. Pumps are now on. Pressure returned to 105 lbs.)

He concluded that someone nearby had drained heavily on the water supply and the largest user being the C. N. R., he proceeded to the big new London and reported the trouble to Someone who had opened the big valve leading to the water tank and it had overflowed and drained the whole water system.

The chart in the town hall showed that the C.N.R. reservoir was opened at 1:10 a.m. Sunday morning and it was left open till 4:45 when it was apparently closed for a few minutes and reopened until the town's reservoir on the mountain was dried dry. Mayor Hewson joined and asked that nothing be said until the police had a chance to catch the one responsible for turning on the valve. On the following Monday morning Mayor Hewson went to London and reported the trouble to the C. N. R. head of this division who immediately sent an official here who conducted an investigation. His report is now being hourly awaited by the Water Commission.

Orders were, it is said, given out at the C. N. R. here that no one was to tamper with or touch the new reservoir until such time as it was declared ready for use and until that time no more than three feet of water was to be run into the reservoir at any one time, just sufficient to water the engines that stopped.

These orders were given while the valve on the new C. N. R. reservoir was being adjusted. There was also an understanding that when the tank was to be filled, it would be done during pumping hours and not at night.

The C. N. R. Inspector stated it was a serious matter and one of the worst he had ever had to contend with. He said that he was convinced (Continued on page 8)

Beamsville Bank Robbers Taken by U. S. A. Police

Co-operation Between Canadian Provincial Police and the Police of Niagara Falls, N.Y., Responsible for Capture of Daring Band—Work of Provincial Inspector Stringer of Toronto And Local Provincial Officer W. Embleton to be Commended—Hiscock, Former Beamsville Boy, Makes Complete Confession.

With the roundup of several men in Massachusetts cities and here, Chris Airey, Chief of the Ontario provincial police, announced that all phases of the recent Beamsville bank robbery and a series of minor crimes had been cleared up. Airey said that Henry Hiscock, alleged leader of a bandit gang, had been taken to the bank job and his accomplices to other men.

Hiscock confessed police said, to staging the bank holdup along with Anthony Consola and Joseph Di Slavio, two members of the alleged bandit gang. Consola and Di Slavio were arrested Sunday night at Brockton, Mass., charged with possessing loaded firearms. It was expected that Hiscock would be turned over to Ontario authorities.

HISCOCK GIVES HIS STORY

Hiscock admitted participation in holding up the Beamsville Bank, the Hunt Club holdup, the Pekin Inn, off the Lockport road in Belden Centre, the Black and White Inn, which was formerly the Walmore Inn, on the Lockport Road, three miles east of Niagara Falls, the A-S-P tea store, 1820 Niagara street, the Mackenna grocery and the meat market in Elgar-cent Street, near Cleveland avenue, and several other smaller jobs in and about Niagara Falls, according to police.

Following several sensational hold-ups a few months ago, members of the gang were rounded up and questioned by detectives. Victims of hold-ups were unable to identify them and they were released.

Hiscock is said to have told in detail the movements of the gang the day of the Beamsville bank robbery, from the time they set out from the Falls. They took a sedan from a man

and women near Burlington Beach, Ont., at gun point and it was this car that they used in the bank robbery. Disalvio, Burnie and Consola, armed with revolvers, entered the bank, police say, Hiscock alleged in his confession, while one remained outside in the car, armed with a shotgun. The shotgun was one that belonged to Burnie and the latter had used it in Falls holdups.

FIRE ON CONSTABLE

Police say Hiscock states in the alleged confession that he saw Town Constable Juhke of Beamsville near the bank and fired upon the officer when Juhke started to draw his revolver. Disalvio heard the shots in the bank and ran out, a pistol in each hand, and opened fire on the officer, who fled into a nearby store. Disalvio then returned to the bank and assisted Burnie and Consola in completing the robbery.

The men had paraded themselves in suits of overalls, purchased in St. Catharines. When they drove away from the bank they discarded the overalls and also scattered ticks on the pavement as they drove along, to interfere with any one pursuing them, believing that the ticks would puncture the tires of automobiles of the pursuers.

Police say Hiscock told them he and his gang drove to Ancaster Mountain, near Hamilton, where they parked the car along side a hay stack. The money had been placed in a bag and the bandits then placed their revolvers in the bag with the money. The shotgun was then thrown in the creek near the hay stack, where it was discovered later by Ontario police. The bag containing (Continued on Page 8)

Musical Festival Was A Conspicuous Success

Public School Chorus of 125 Voices Under Direction of G. L. Eaton Delights Capacity Audience—Handsome Bats Presented To Leader—Winners In Solo Competition Heard And Demonstrations of Junior And Primary Class Singing Given.

The Blossom Time Musical Festival, the first to be given in this district, held under the auspices of the Board of Education and the Public School staff of Grimsby on Tuesday evening, proved a happy and auspicious event and one which demonstrated in a most convincing way the splendid results which have followed the course of the singing commenced in the public school in the fall of last year.

It attracted an audience which filled the auditorium of the high school to its capacity, everyone present following the varied and most interesting two-hour program with the closest attention throughout, and according to those participating a very appreciative hearing.

A pleasing incident took place at the beginning of the program when a little lassie stepped forth and on behalf of the chorus, presented Mr. G. L. Eaton, under whose direction the festival was given and to whom the fullest measure of credit is due, with a handsome ebony baton, the gift being suitably acknowledged by the recipient.

Dr. Clark, Chairman of the Board of Education also took occasion to express the thanks of the Board and of the people of Grimsby to Mr. Eaton for his much appreciated efforts in the development of musical talent among the pupils in the public school, noting that he had given his services voluntarily and without remuneration in promoting the cause of music in the community.

The singing of the pupils of the school, under the baton of Mr. Eaton, was characterized by fine expression, clear enunciation and excellent tone quality, the pupils singing with free, natural voices, while in the part songs it was surprising how well the chorus

of 125 voices sang their numbers. Special arrangements for the accommodation of the chorus on the platform of the auditorium were necessary.

The primary and junior classes, under the capable leadership of their teachers captivated the audience with their fresh young voices, while the first prize winners in the solo competition held a week ago, repeated the numbers sung and played on that occasion. Girls' solos were sung very sweetly by Mary Liddle and Kathleen Blair and the boys' solos were also acceptably sung by David Johnston, Irvine Theal and Vernon Croft, while the instrumental numbers given by Nora Jean Campbell and Oliver Merritt, piano; and Geo Cox, violin; also revealed much musical talent.

The numbers by the primary class were given under the direction of the teachers, Misses E. Hazlewood and D. Wilkins.

The Maypole Dance given by six couples of junior pupils was very pretty and ended with a rousing chorus sung by the school children. The dance was directed by the Misses P. Farrell and A. Lymburner.

One of the popular features of the evening was the harmonica band, led by Sahag Beau. The boys played two medleys of Old Time Favorites with a dash and vim that caught the fancy of the audience which gave them a rousing reception. The boys who comprised the band were Caven Elgers, John and Sidney Brittan, Clark Adams, Hugh Liddle, Irvine Theal, Frank Hill, Gordon Baxter and the leader.

During the evening presentations of bouquets of roses were made to the girl winners in the public school solo (Continued on page 8)

THE PROPOSED NEW SANATORIUM

Although Niagara Peninsula has been in the forefront in various fields of activity which have for their object the promotion of the welfare of the people of the district, it has, according to the information contained in the appeal being made for funds for the proposed new Sanatorium, been sadly behind the rest of Ontario in facilities for the care and treatment of sufferers from Tuberculosis. The present small plant in St. Catharines comprising twenty beds only, has become woefully inadequate and obsolete and the great need of an institution in this section of the Province to take care of its own people instead of having to send them to institutions in other parts of Ontario away from family and friends, is only too apparent.

The inadequacy of the accommodation available is to be seen in the fact that at present there are fifty patients from the Niagara Peninsula being cared for in sanatoria in other Ontario institutions and there are fifteen or twenty cases diagnosed by the clinics and recommended for institutional treatment who cannot obtain admission to any sanatorium owing to lack of accommodation.

This is a situation which it is proposed to relieve and the new Sanatorium is being constructed to meet this serious deficiency in accommodation and provide a modern hospital for the treatment and segregation of sufferers from this distressing disease. The proposed Sanatorium plant will constitute a self-contained unit of all essential services, and will contain twenty-four wards. It will be completely equipped with all modern facilities such as X-ray, dental, electrical and mechanical aids for the treatment of various forms of infectious tuberculosis.

The amount required for the building program is \$150,000 and already many have taken advantage of the opportunity to assist this deserving project. The new Sanatorium will meet a real need in the community and as a liberal response as possible should be made to the appeal for funds by the citizens of this and other communities throughout the Peninsula.

Here is an opportunity to serve a most worthy cause and the sympathetic interest and support of the people of the Niagara district is invited in behalf of the proposed new Niagara Peninsula Sanatorium.

WORTHY OF SUPPORT

Following the Armistice the erection of the present handsome war memorial gates at the Entrance to Queen's Lawn Cemetery on Main Street was made possible through the surplus funds available which had been raised by the women of Grimsby and North Grimsby for hospital purposes.

The gates, however, are incomplete in that the name still remains to be placed on them, and the I. O. D. E. which has taken over their care, contemplates holding a tag day in the near future in order to raise the necessary funds to complete the work.

The I. O. D. E., which has proven such a useful and energetic organization, is deserving of and will doubtless be accorded the necessary support by the citizens of the town to enable it to complete the undertaking in a manner in keeping with the present memorial.

EMPIRE DAY

Empire Day will be observed in the Schools of Ontario on Thursday, May 23rd, and as in previous years, a special programme, as suggested by the Department of Education, is being prepared and will be given in the schools in municipalities throughout the province.

It is well that the rising generation grow up with an adequate knowledge of the Empire. The observance of Empire Day which was established thirty years ago and has since been yearly recognized, affords an opportunity to refresh our memories as to the significance of the Empire's achievements, and the ideals for which it has stood throughout the years.

Writing on the subject "The British Empire," Rev. Canon Cody, formerly Minister of Education, writes:

"We Canadians have a kind of double citizenship. We love the land of our birth or adoption. We think, as its citizens, in terms of the whole Dominion. But we are also citizens of a still wider commonwealth — the far-flung Empire whose shores are washed by the Seven Seas. We cannot but have a world outlook. We are also learning to think in terms of the economic unity of the Empire. Let us think of it further as a spiritual force for the promotion among men of

peace and freedom, justice and equal law, religion and humane civilization. We are proud of our inheritance; we are determined to build worthily on foundations so well and truly laid."

THE HOUSE SHORTAGE

A healthful state of affairs which reflects industrial expansion in various communities throughout the province, is indicated in the general shortage of workingmen's houses in some of our growing municipalities. In Woodstock, L. Thomas and Brantford, particularly, the situation in this respect is said to be acute, while in other industrial centres there is also a shortage of home accommodation.

This lack, however, is gradually being met by the erection of additional homes and especially by the building of apartment houses which furnish accommodation for many families.

The house shortage, now so marked, will undoubtedly cause a certain amount of inconvenience for a time in many centres owing to the industrial prosperity of the country, but the increased building activity to be noted in these centres will ultimately remedy the situation by providing the necessary accommodation.

THE EXPENDITURES ON ROADS

Referring to the statement that the Government is receiving in motor vehicle license fees, gasoline tax, operators' licenses and fines several times as much as it is spending on roads, the Peterboro Examiner, in a recent issue, gives information which shows that this is not the case. This impression, it is pointed out, evidently has resulted from mistaking the amount spent on road maintenance for the total spent on the roads of the province. As a matter of fact the figures show that the government last year expended on the roads of the province nearly twice the amount received from all motor vehicle imports combined.

It is interesting to note that during the last fiscal year the revenue received by the government from gasoline tax, license fees, motor permits of all kinds, and fines, amounted to \$11,077,031.54, while in the same period it expended the following amounts: provincial highways, \$11,650,000; county roads, \$3,740,443.99; township roads, \$1,602,547.95; connecting links on Indian reserve roads, \$13,459,992; and colonization roads, \$4,085,343.30; or a total of \$21,093,318.36.

EMPIRE SHOPPING WEEK

During the week of May 25th to June 1st, Canada will observe its annual Empire Shopping Week in the course of which special emphasis will be laid on the desirability of buying goods made in Canada as well as those produced in other parts of the Empire.

The slogan of the Empire Shopping Week organization is "Empire buyers are Empire builders—for us the Empire begins in Canada." The plan, of course, is to stimulate the purchase and sale of products, to encourage a preference for Canadian products, and to maintain a friendly and fraternal disposition towards imports from Great Britain, the sister dominions and other parts of the British Empire.

The object of Empire Shopping Week is a commendable one. As has been stressed, money spent on Canadian products stays in Canada, providing work for home industry, stimulates trade and commerce and makes for the prosperity of the country. On the other hand, the buying of foreign-made goods obviously means that Canadian money is sent out of the country and will not be available for the building up of our home industries. If purchases are made outside of the Dominion, and of course a considerable trade is carried on with outside countries, the preference should be given as far as possible to sister dominions and other parts of the Empire.

Last year nearly one hundred and fifty municipalities, representing a population of over 3,000,000 people, participated in the "week's" activities on a definitely organized scale. Unique combinations of merchandising and demonstrations of good fellowship took place in a number of cities and towns and storekeepers utilized their show windows for displays of Made-in-Canada goods as well as those produced in the Empire. Scores of cities, towns and villages turned the "week" into a gala occasion with hand concerts, parades, special illuminations and entertainments.

Empire buyers are empire builders and indications are that the people generally throughout Canada will this year again heartily promote Empire Shopping Week and thus materially help to increase the prosperity of their own land and the Empire.

Sterling tribute was paid to Mother on the occasion of Mother's Day which was observed at the various churches on Sunday. She was eulogized for her unselfish labors in the interests of her family, her devotion to the principle of right and truth, and her loyalty to the home, her praises being extolled by the pastors and sung by the choirs. Mother was rightly accorded the honor she so highly merits.

RIB-ROLL

Is really making its way as a new method of rolling up wire mesh for fencing, etc. It is made of wire mesh and is rolled up in a compact roll. It is easy to handle and can be rolled up in a compact roll. It is made of wire mesh and is rolled up in a compact roll. It is easy to handle and can be rolled up in a compact roll.

Here and There

(257) Arthur W. Cullen, Chicago wheat king, is erecting a hotel in his native city of Grimsby, Ontario, which will be operated by the Canadian Pacific Railway. A golf course and pleasure park will be also established, the whole undertaking involving an expenditure of about \$2,000,000.

The sumptuous new Solarium lounge car put into service by the C. P. R. as part of the equipment aboard the Trans-Canada Limited is being nicknamed the "mustard plaster car." It was facetiously suggested by railway officials that the company should provide passengers with mustard plasters as it was recently claimed in England that these were more effective than ultra-violet rays. This contention was disproved, however, and the trouble taken by the railway is making the red sun room of the car with special glass, which admits the ultra-violet and most beneficial rays of the sun, was justified.

Officials of the C. P. R. in the east can now speak to their content in the west—as in connection with the recent improvement and extension of the railway telephone system, telephone facilities were also thrown open.

The community of globe trotters who make a circuit of the globe during the winter aboard the Canadian Pacific liner Empress of Australia, contributed a series of remarkable items to the social notes of the New York newspapers when their vessel terminated her voyage there. An engagement, a marriage, and the birth of five children to a Japanese passenger were announced, constituting in the opinion of Captain Latta, commander of the cruise ship, something hitherto unrecorded in seafaring annals. The five Japanese babies were appropriately named the "Empress of Australia," "Empress of Scotland," "Empress of France," "Empress of Canada," and "Empress of Russia," after the giants of the Canadian Pacific fleet. The babies were canaries.

D. C. Coleman, vice-president of western lines of the Canadian Pacific Railway, has been elected a director of the Metropolitan Life Insurance Company of New York. The only other Canadian director is Hon. L. A. Taschereau, Premier of the Province of Quebec.

A tunnel built at a cost of \$250,000 makes it now possible for trains from North Vancouver to connect with the Canadian Pacific Transcontinental system. The first train making use of this new connecting link that also makes use of the second narrows bridge and the harbour rail system, carried the Governor-General and many distinguished westerners.

Funerals and weddings can hold no terrors for Captain Frank Middleton, of the Canadian Pacific ship "Alberta," who has been presented with no less than three top hats. As captain in charge of the vessel entering the port of St. John's, Marie, Port McNicoll and Fort William for the first time this season, opening navigation at each point, he was given the traditional welcome address and presented with a silk hat on each occasion. His three shining toppers remain a neat row in his cabin and it is estimated that it will take three hundred years to wear them all out.

The ruins of a house may be repaired; why cannot those of the face? —La Fontaine

FUN FOR SALE

Old Gent: (apprehensively): Er—what are you going to do with those snowballs, my boy?

The Opportunist: Selling 'em at five cents each, guv'nor. Would you

like to 'ave the last 'all dozen? Else (significantly) I shall 'ave to chuck 'em away.—Passing Show.

SURE AND HE'S RIGHT

"Now," said Mr. O'Toole, "that Ireland is free—"

"Free!" said Mr. Hogan bitterly. "Sure they forced freedom on us to keep us from fighting for it, the dirty tyrants!"—Pele Mele.

Don't forget we print visiting cards, Phone 36.

A Boon To Grape Growers Burlington U-Bar Posts -And Grape-Vine Clips

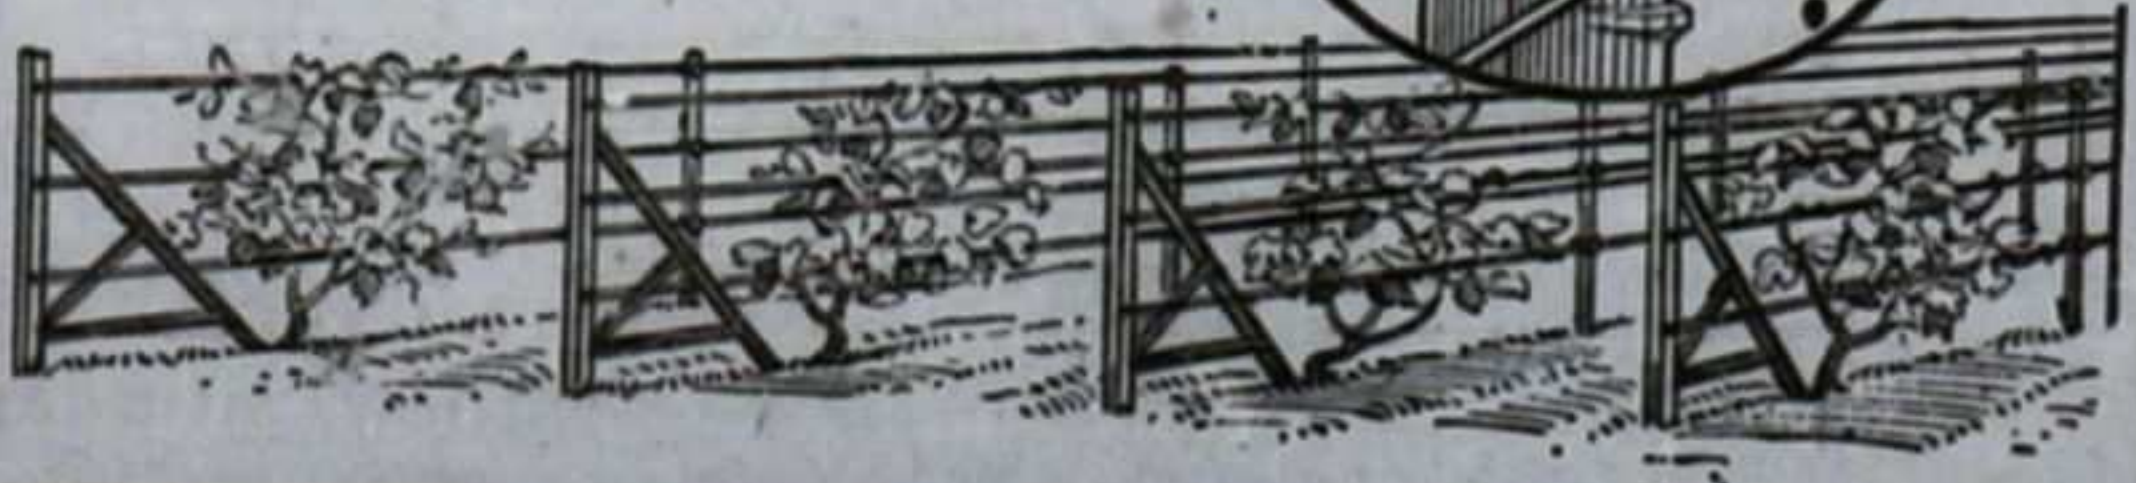

Burlington U-Bar Steel Posts last for 30 years. Can be driven into the ground at the rate of one a minute. By using these perfect posts you save time, save labor, and gain in economy, convenience and permanence.

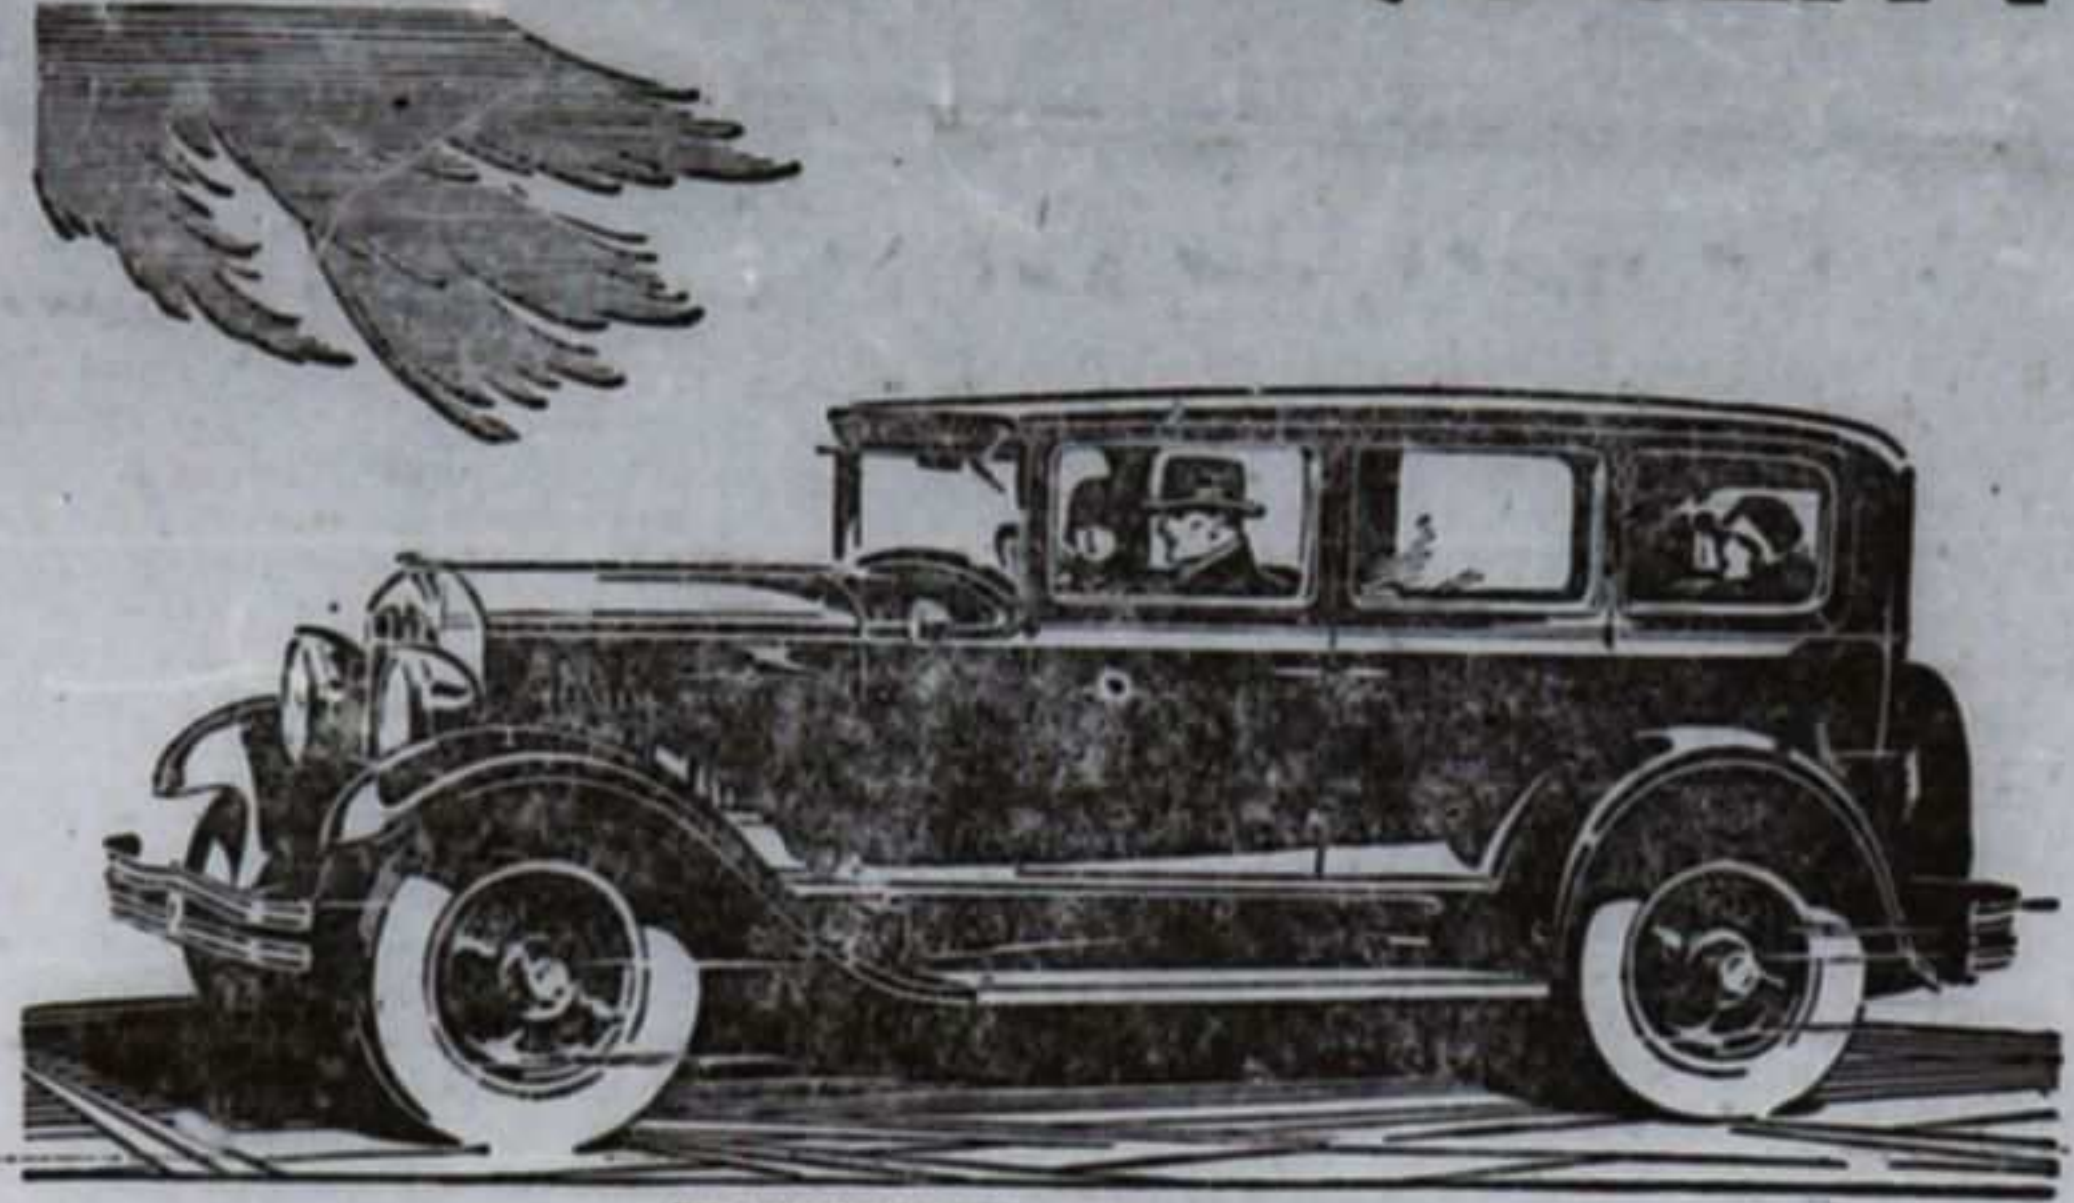

Fig. 1 The Burlington Grape Vine Clip is simply slipped over the wire (Fig. 1). The curved end of the clip is then hooked back of the post and the straight end bent around with the fastening tool (Fig. 2). The wire is now in position on the post, running through eyelet of the clip (Fig. 3).

Burlington U-Bar Steel Posts and clips have no equal for speed, economy and year-after-year satisfaction. The cost is surprisingly low. Sold by all reliable dealers.

OUR WEEKLY STORY

LITTLE RED CASE

By Evangeline Weir

Sara had discovered a secret — a carefully kept secret of her father's — and she was curious and interested. She had gone to his desk for a stamp when she saw a red leather case lying on the pad. She opened it carelessly and found the photograph of a very pretty girl. Not a bobbed head, short-skirted girl like herself, but a long-skirted girl with her face framed by hair rolled into a big puff off her brow.

"How quaint and pretty," she said as she examined it. "I wonder who it is? Glad I didn't live in an age when it was considered modest to wrap your legs and feet in yards of silk or linen. It must have been twenty years ago — before I was born."

When her father came home from his office, Sara met him with a question.

"Daddy, who is the Gibson girl in the red leather case?" John Grey looked annoyed. "Been meddling in my desk, Sara?" he asked.

Sara was quick to defend herself by explaining the situation, but she also repeated her question.

"A girl I knew before I was married," he told her.

"She is a pretty, modest, sweet-looking girl," Sara said with appreciation.

"The old-fashioned girl had those lost qualities, Sara."

"Daddy!" Sara protested.

"Why dispute a well-known fact, Sara? The modern girl with her profession, knowledge and equality has paid for them by a loss—"

"Of long skirts and long hair," Sara interrupted. "I wish I could see that girl now. How old is she daddy?"

"Thirty-eight."

"What is her name?"

"Sara—"

"Did you name me for her, Daddy?"

"Yes," he admitted.

"What is the rest of her name?"

"Mrs. Sara Taft Wynn."

"Oh, she is married!"

Her father laughed.

"Trying to work up a romance, Sara? I believe you really are interested in an old picture. She is a widow," he added with a gleam of mischief.

Sara's face fell.

"I do not like widows! They understand all the games and use their knowledge to the disadvantage of every poor girl."

The subject was dropped, but Sara knew that her father had loved and still loved the "Gibson Girl" as she called her.

Sara was in love herself, but marriage would mean that the next five years of her life must be spent across the sea. She could not bear to think of her father alone in the big house with only the servants to keep him comfortable. For weeks she had been hunting him a wife, but not a single one of her friends or acquaintances measured up to the standard.

"Daddy would balk — at the best of them!" she sighed. "He is so hopelessly old-fashioned when it comes to women. If I could only find that Mrs. Sara Taft Wynn and look her over. She may have stopped half way between the past and present, and make a really good comparison for Daddy. I must go slow."

If Daddy saw my husband, I'd lose the game."

"Where there is a will, there is a way," and after some time Sara found the "Gibson Girl" at once that Sara Taft Wynn had not stopped half way as she had hoped, and Sara liked her immensely.

Daddy when you were a girl," Sara ventured one day as they were alone together.

"I knew him when I wore long dresses," Mrs. Wynn laughed. "In fact we thought we were in love with each other."

There was a question in Sara's eyes which the older woman answered.

"We quarreled over a foolish little thing and he married my mother in a few months and I married Mr. Wynn."

"I think you were very foolish, both of you."

"I admit it," she smiled.

"Why don't you make up — now?"

"Why not put that question to your father?" she asked coldly.

Sara was afraid she had gone too far.

"I really like you, Mrs. Wynn, and

I believe my father loves you, but I—"

"Go on," she encouraged. "I am braced to hear the worst."

"I fear your dress is too short and your hair — doesn't come down to your knees," she laughed.

"I see, your father likes the Mid-Victorian. Sorry I cannot accommodate him, or is it you? I cut my hair long ago — when I shortened my dresses."

"He carries your picture around in a little red leather case," Sara said desperately.

"How old fashioned!" she laughed. And why are you so anxious to marry me to your father? Most daughters hate the thought of a stepmother."

"I felt that way until I fell in love with Teddy," Sara acknowledged.

"Fell in love!" How quaint and old-fashioned," she teased. "I believe you are your father's own daughter."

Sara was offended, but she tried not to show it.

"It is necessary that I should marry father to some one who cares for him," she said recklessly.

"And you are certain I care?"

"Daddy is really very nice," she apologized. Lots of girls would jump at the chance."

"Is it your father or his daughter who is giving me the 'chance' to be Mrs. John Grey?"

Sara looked so disturbed that Mrs. Wynn put her arm around her and said:

"Never mind, Sara, there are plenty of nice girls on the market. As for me, I am engaged. Forgive me for not telling you sooner."

Sara felt defeated and showed it.

"I suppose that is why you have refused to meet Father. And he will go on cherishing that little red leather case until he dies."

"I hope so, Sara."

Sara gave her a cold stare of disapproval.

"A woman is vain enough to want an old sweetheart to remember her always. It gives me a big thrill to know that your father will never forget me."

Sara closed her lips tightly and put her hand on her coat. She was glad she had failed to marry this woman to her father if that were her particular brand of thrills. She would go home and persuade her Daddy to go abroad with her and Teddy. She hadn't even told him of her engagement because of her feeling for him. Some one came into the room while she was trying to keep back the angry tears.

"Daddy!" she cried.

"It is the man whom I am going to marry," Mrs. Wynn told the bewildered girl. "We feared you would not like to share your father, so we kept still until we had your approval."

Sara turned to her father.

"You have my approval," she said coldly. Your Gibson Girl will keep step with the latest march of the Moderns."

A LITTLE BIT OF EVERYTHING

Dear Reader:
This column is to be known by the above title. In it will be recorded all the wise cracks of the week, and we invite our readers to contribute any bright sayings.

Good Evening!

Monday's soup made from the ham bone left by the Blossom visitors was enjoyed by all.

As An Angler
Early Anglers report that the 1929 model fish have quicker acceleration, four-fin brakes and higher worm consumption.

How About It
Have you got out your bowling shoes yet?

Unkind
The weather man of late is surely dishing up a poor brand of weather, in fact he is playing in and out with the furnaces—knowing that we got to the last shovel full of coal long ago.

Time Changes
One of our veteran citizens watching the blossom parade Sunday and noting the actions of some young men, remarked that kissing in his time wasn't as dangerous as it is today, because the old parlor sofa wasn't liable to smash into a tree about that time.

No Word Yet
We have not heard of one single, solitary person suffering from spring fever.

The young man with the pearl tie-pin and wrist watch says that the St. Catharines Standard says editorially that balloons are not the only big bags of wind that frequently cross the border line.

Who Nose?
(From the Elgin, Ill., News)
Is there a more popular price in the city than the association building, with its cheesy, homelike atmosphere?

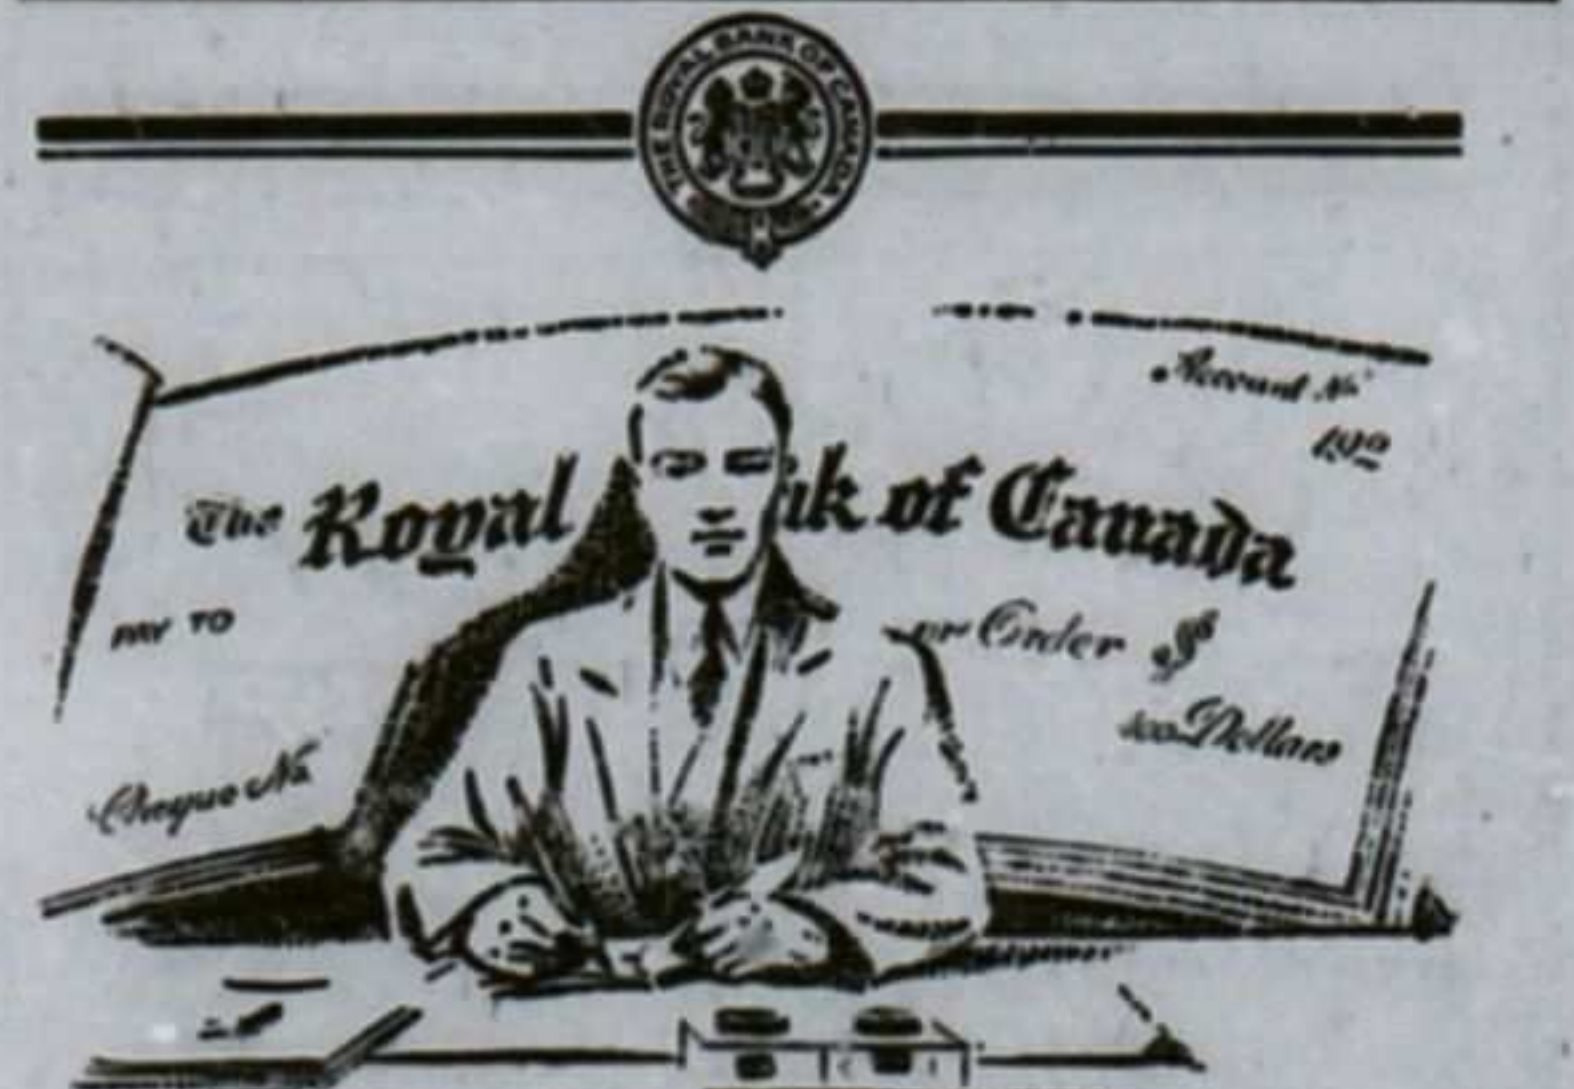

June's Coming
(From the Waterloo, Ill., Times)
Next Wednesday the county board will meet for the purpose of awarding bride contracts.

This 7 p.m. Long Distance rate is so convenient

now I can call before I go out for the evening

EVENING rates on station-to-station calls now begin at 7 p.m. with about 25% off the day rates. A convenience in two ways — you can place a call at the reduced rate before you go out for the evening — and you are more apt to catch the called party at home between 7 and 8.30 p.m.

After 8.30 p.m. and continuing till 4.30 a.m. there is a further reduction which is about 50% of the day rate.

Charges can now be reversed on station-to-station calls when the rate is 25 cents or more.

THE BELL TELEPHONE COMPANY OF CANADA

THE AMAZING PRINCIPLE OF Flavor Zone Cooking

SCORES PERFECT COOKING ACHIEVEMENT

IT MAKES FOOD MORE..
APPETIZING AND
PALATABLE.....
IT MAKES FOOD MORE
DIGESTIBLE AND
NOURISHING.....

WOMEN whose wonderful cooking is the envy of their friends will be the first to acclaim the amazing principle of Flavor Zone Cooking. To these "born cooks", whose ability is purely the result of excellent judgment, careful attention, and the knack of practising what experience has taught them, Flavor Zone Cooking will have an instant and irresistible appeal.

This new principle of Flavor Zone Cooking makes possible for the first time the application of four distinct cooking phases now known to be necessary to consistently achieve perfect cooking results. These are:

First: The absorption period, while the heat of the oven is being absorbed inside the food, before cooking actually begins.

Second: The penetration period, from 212 degrees to the searing temperature, during which time the cooking heat penetrates through the food.

Third: The caramelizing or browning period, which develops the full natural flavor by concentrating and coagulating the juices at or near the surface.

Fourth: The Final cooking period, which permits the tasty juices to permeate and enrich the inside of the food as the oven heat slowly recedes.

It is wonderfully satisfying—the flavor of food cooked by the Flavor Zone Method. Not less amazing is the gain of health-building vitamins and body-building food values, which are retained in the food instead of escaping with juices, lost by other cooking methods.

There is no possibility of burning or over-cooking — no necessity for basting or turning. The food is more evenly cooked — tender — juicy — and full flavored through and through — a greater pleasure to eat — more digestible and nutritious, and there is a sure saving of weight, through less shrinkage.

It is all so simple — so easy. Put your meat, vegetables and dessert (see Flavor Zone Menus) in your FLAVOR ZONE RANGE at 8 a.m. if you wish—it will be done perfectly at the hour you have arranged to dine. You may safely dismiss it from your mind—it requires no further attention until you are ready to serve your meal.

The FLAVOR ZONE RANGE controls the entire cooking process—automatically—turning the current on at the correct time and leaves it on only long enough to ensure a perfectly cooked meal.

It does this with scientific precision — it cannot make a mistake. The weight and temperature of the food, when placed in the oven, automatically determine how much heat is required and how long the current will be ON to accomplish the correct degree of cooking.

Read the Story of FLAVOR ZONE RANGES

Delightfully interesting—written by a Household Economist who is also known as an authoritative dietitian.

Write to Dept. CANADIAN WESTINGHOUSE CO., LIMITED, Hamilton, Ontario.

The Flavor Zone Oven also bakes to perfection. With the FLAVOR ZONE RANGE the same high excellence of cooking is assured every time the range is used.

Every day brings complete relaxation from, attention to cooking—no hours for leisure, for rest, for play—time for shopping, for sports, for hobbies, and the thousands of things women-folk have always longed to do.

Flavor Zone Cooking is NEW—far in advance of other cooking methods. It is already the topic of women who have seen it demonstrated or who have the good fortune to possess the remarkable range that makes Flavor Zone results possible.

—and best of all—it is inexpensive—only a fraction higher in price than an ordinary electric range. It is the range of tomorrow, perfected and offered today by

Westinghouse PIONEERS IN FLAVOR ZONE RANGES

The Public is cordially invited to inspect these new Flavor Zone Ranges at

Blossom Films developed, printed, enlarged, and framed at H. Hillier & Son

Local Items of Interest

Traffic on Sunday was fairly heavy, but was far below that of the corresponding Sunday last year.

Next Sunday should see the blossom parade at its height, although most of the blossoms will be passed except for late peaches which warm weather should bring out.

The A. Y. P. A. of St. Andrew's church is presenting a play entitled "Tea Toper Tavern" in the parish hall on May 22nd.

John W. Hiltz was appointed Weed Inspector for the Township of North Grimsby by the Council on Saturday.

Dr. Forbes Godfrey, Minister of Health in the Ontario Government, will be the speaker at the annual meeting of the Beamsville Chamber of Commerce on Wednesday, May 15th.

Major Rev. G. M. Barrow, Chaplain of the Royal Hamilton Light Infantry, preached on the occasion of the depositing of the flag of the Veterans of 1866 in Christ's Church Cathedral, Hamilton, Sunday morning.

Teams hauling gravel from the township's pier have damaged the roads at that point to such an extent that the Council has been forced to raise the price of gravel.

Union Lodge, No. 7, A. F. & A. M., of Grimsby, paid a fraternal visit to Parkdale lodge in Toronto last week. A large number of brethren made the trip.

St. Catharines police, Friday, arrested Alex Bezko, who is wanted by the Mounted Police. Expectations are that the Mounties will arrive in that city shortly to take their man back with them.

The Beamsville Junior farmers held a meeting Friday evening at the home of E. F. Neff, Carleton street, arrangements were made for a meeting with the Abingdon Junior farmers at Smithville on Tuesday night at the home of Arnold Misner to make arrangements for the junior farmers' picnic which will be held in June.

Considerable building is going on in town and the immediate vicinity and the main road will soon present several changes. The beautiful new residence at Queen's Lawn Cemetery gates is rapidly nearing completion. Work is proceeding on the new British-American gas station and garage at Main and Elizabeth streets, and when completed this will be one of the finest on the highway. Alterations are about complete on the Hotel Grimsby, which would never be recognized as the old hotel. Building work has also been started on the English Inn, east of the Beach, between Wayside Inn and Maple Wood Camp.

NIAGARA PENINSULA SANATORIUM

An invitation to visit the site. The location of the new Sanatorium offers exceptional advantages for the treatment of Tuberculosis, and the commanding view to the north unfolds a panorama of unrivalled beauty. A few minutes drive out the Merrittville Highway will bring you to the top of the Escarpment, and immediately on the brow, to the left, a sign will be noticed, marking the exact site. You will find the location impressive and the advantages offered most convincing. Please visit the site. — You will enjoy it.

TRINITY Y. P. LEAGUE

An interesting meeting of the League was held on Monday evening, when Mr. J. S. Jackson told of the march of the Canadian troops into Germany after the Armistice. His descriptions of the journey and his comments on differences between Germany, France and Belgium were instructive and much enjoyed by the members. Miss Marion Marsh read a paper on Pauline Johnson.

Next Monday evening at 8 o'clock the Bell Telephone Company are putting on a moving picture show in Trinity Hall. This promises to be an interesting evening, as the pictures will show the great progress made in telephony during recent years.

An invitation has been extended to the other young people's societies in town. The general public will be welcome. No admission is being charged, but a collection will be taken.

THIS IS IT

Mrs. Sybilla Spahr's Tonsillitis 20-year test remedy, for Tonsillitis, Quinsy, Whooping Cough, Bronchitis, Sore Throat and Tonsil Trouble. Good results or money back. Millard's Drug Store only. 2c

ANNUAL TRAINING AT NIAGARA-ON-THE-LAKE

from June 15th till July 1st.

Have vacancy for a few recruits to bring company up to strength. Apply to Major W. W. Johnson, D.S.O., M.C., or to C.S.M. Brignall at the Armouries Tuesday and Thursday evenings at eight o'clock.

Many visitors climbed "The Point" on Sunday to see the wonderful panorama of blossoms in the valley.

TRINITY UNITED CHURCH

On Sunday, the 19th of May, an offering will be taken for the Bible Society at the morning service. Banners will be distributed for the election of three new elders.

In the evening "Blossom Sunday" will be observed with special musical numbers by the choir.

Beginning next Sunday, for the summer months, Trinity United, Sunday School will meet in Trinity Hall at 9.45 a.m., instead of in the afternoon.

Died

DIED—At Grimsby, on Wednesday, May 15th, Orthia A. McCurdy, beloved wife of Rome VanDyke, in her 79th year.

The funeral will be private at her late residence on Mountain street, on Friday, May 17th, at 2.30 p.m. Interment in Queen's Lawn Cemetery.

Millview Farm just west of Beamsville
Rd. 101

The County Council started on their tour of inspection of the county roads.

Visit the Horticultural Society's annual Tulip Show Saturday evening next, May 18th, in the Masonic Hall.

The A. Y. P. A. of St. Andrew's Church will present the play "Tea Toper Tavern" May 22nd, in the Parish Hall.

M. A. Brillinger, a former resident of Grimsby, called at The Independent office on Monday to say how much improved the town was since his last visit here thirteen years ago. Mr. Brillinger was for a number of years a Pharmacy Missionary to China and his acquaintances will be pleased to learn that he is in the druggist business in Toronto.

Dr. James W. Robson has taken over the dentist practice formerly conducted by the late Dr. Phelps and opened his parlors to the public last Monday. Dr. Robson comes to Grimsby highly recommended. For a number of years he practiced at Smooth Rock Falls and is a graduate of the University of Toronto thus he brings with him a wealth of Dental knowledge.

Master Leonard Farrow, son of Mr. and Mrs. Frank Farrow had the misfortune to fall and break his thumb. County Council will meet in regular session Tuesday next.

Don't forget we print visiting cards. Phone 36.

OBITUARY

The death occurred Sunday of Mrs. Charles A. McKane at her home on Maple Avenue. Mrs. McKane was 65 years of age and was born in Binghamton, N.Y., a daughter of the late Stephen Spencer. She moved to Grimsby about 11 years ago with her husband and family. The deceased had been in ill health for some time. She leaves her husband and 2 daughters, Mrs. H. Inglehart of Grimsby and Florence at home. The funeral was held Monday afternoon from her residence on Maple Avenue. The service was in charge of Rev. G. W. Wood of Trinity United Church, of which Mrs. McKane was a member. Interment at Queen's Lawn cemetery.

Grimsby Lawn Bowling Club have issued invitations to all bowlers in Grimsby both ladies and gentlemen to be present at the opening of the greens for the 1929 season on Saturday, when a mixed jitney will be played and refreshments served. The game starts at 2 p.m.

A KEEPSAKE

He: Betty is a good bridge player. I can't understand why she didn't re-

turn my lead.
She: Well, you led diamonds, and she never returns a diamond.—Passing Show.

WOULD BE HANDY

Lady of House: No! We don't want no books, nor do we want no calendars. We don't want no nothing.
Hawker: What about a cheap gram-mar?—Answers.

Don't let tires spoil your Holiday

WHEN you plan that trip, be sure to plan your tires. You can't enjoy yourself if you're worrying about blowouts all the time.

Drive around here and let us equip your car with Dominion Royal Cords or Royal Masters. They are a sound foundation for a carefree holiday.

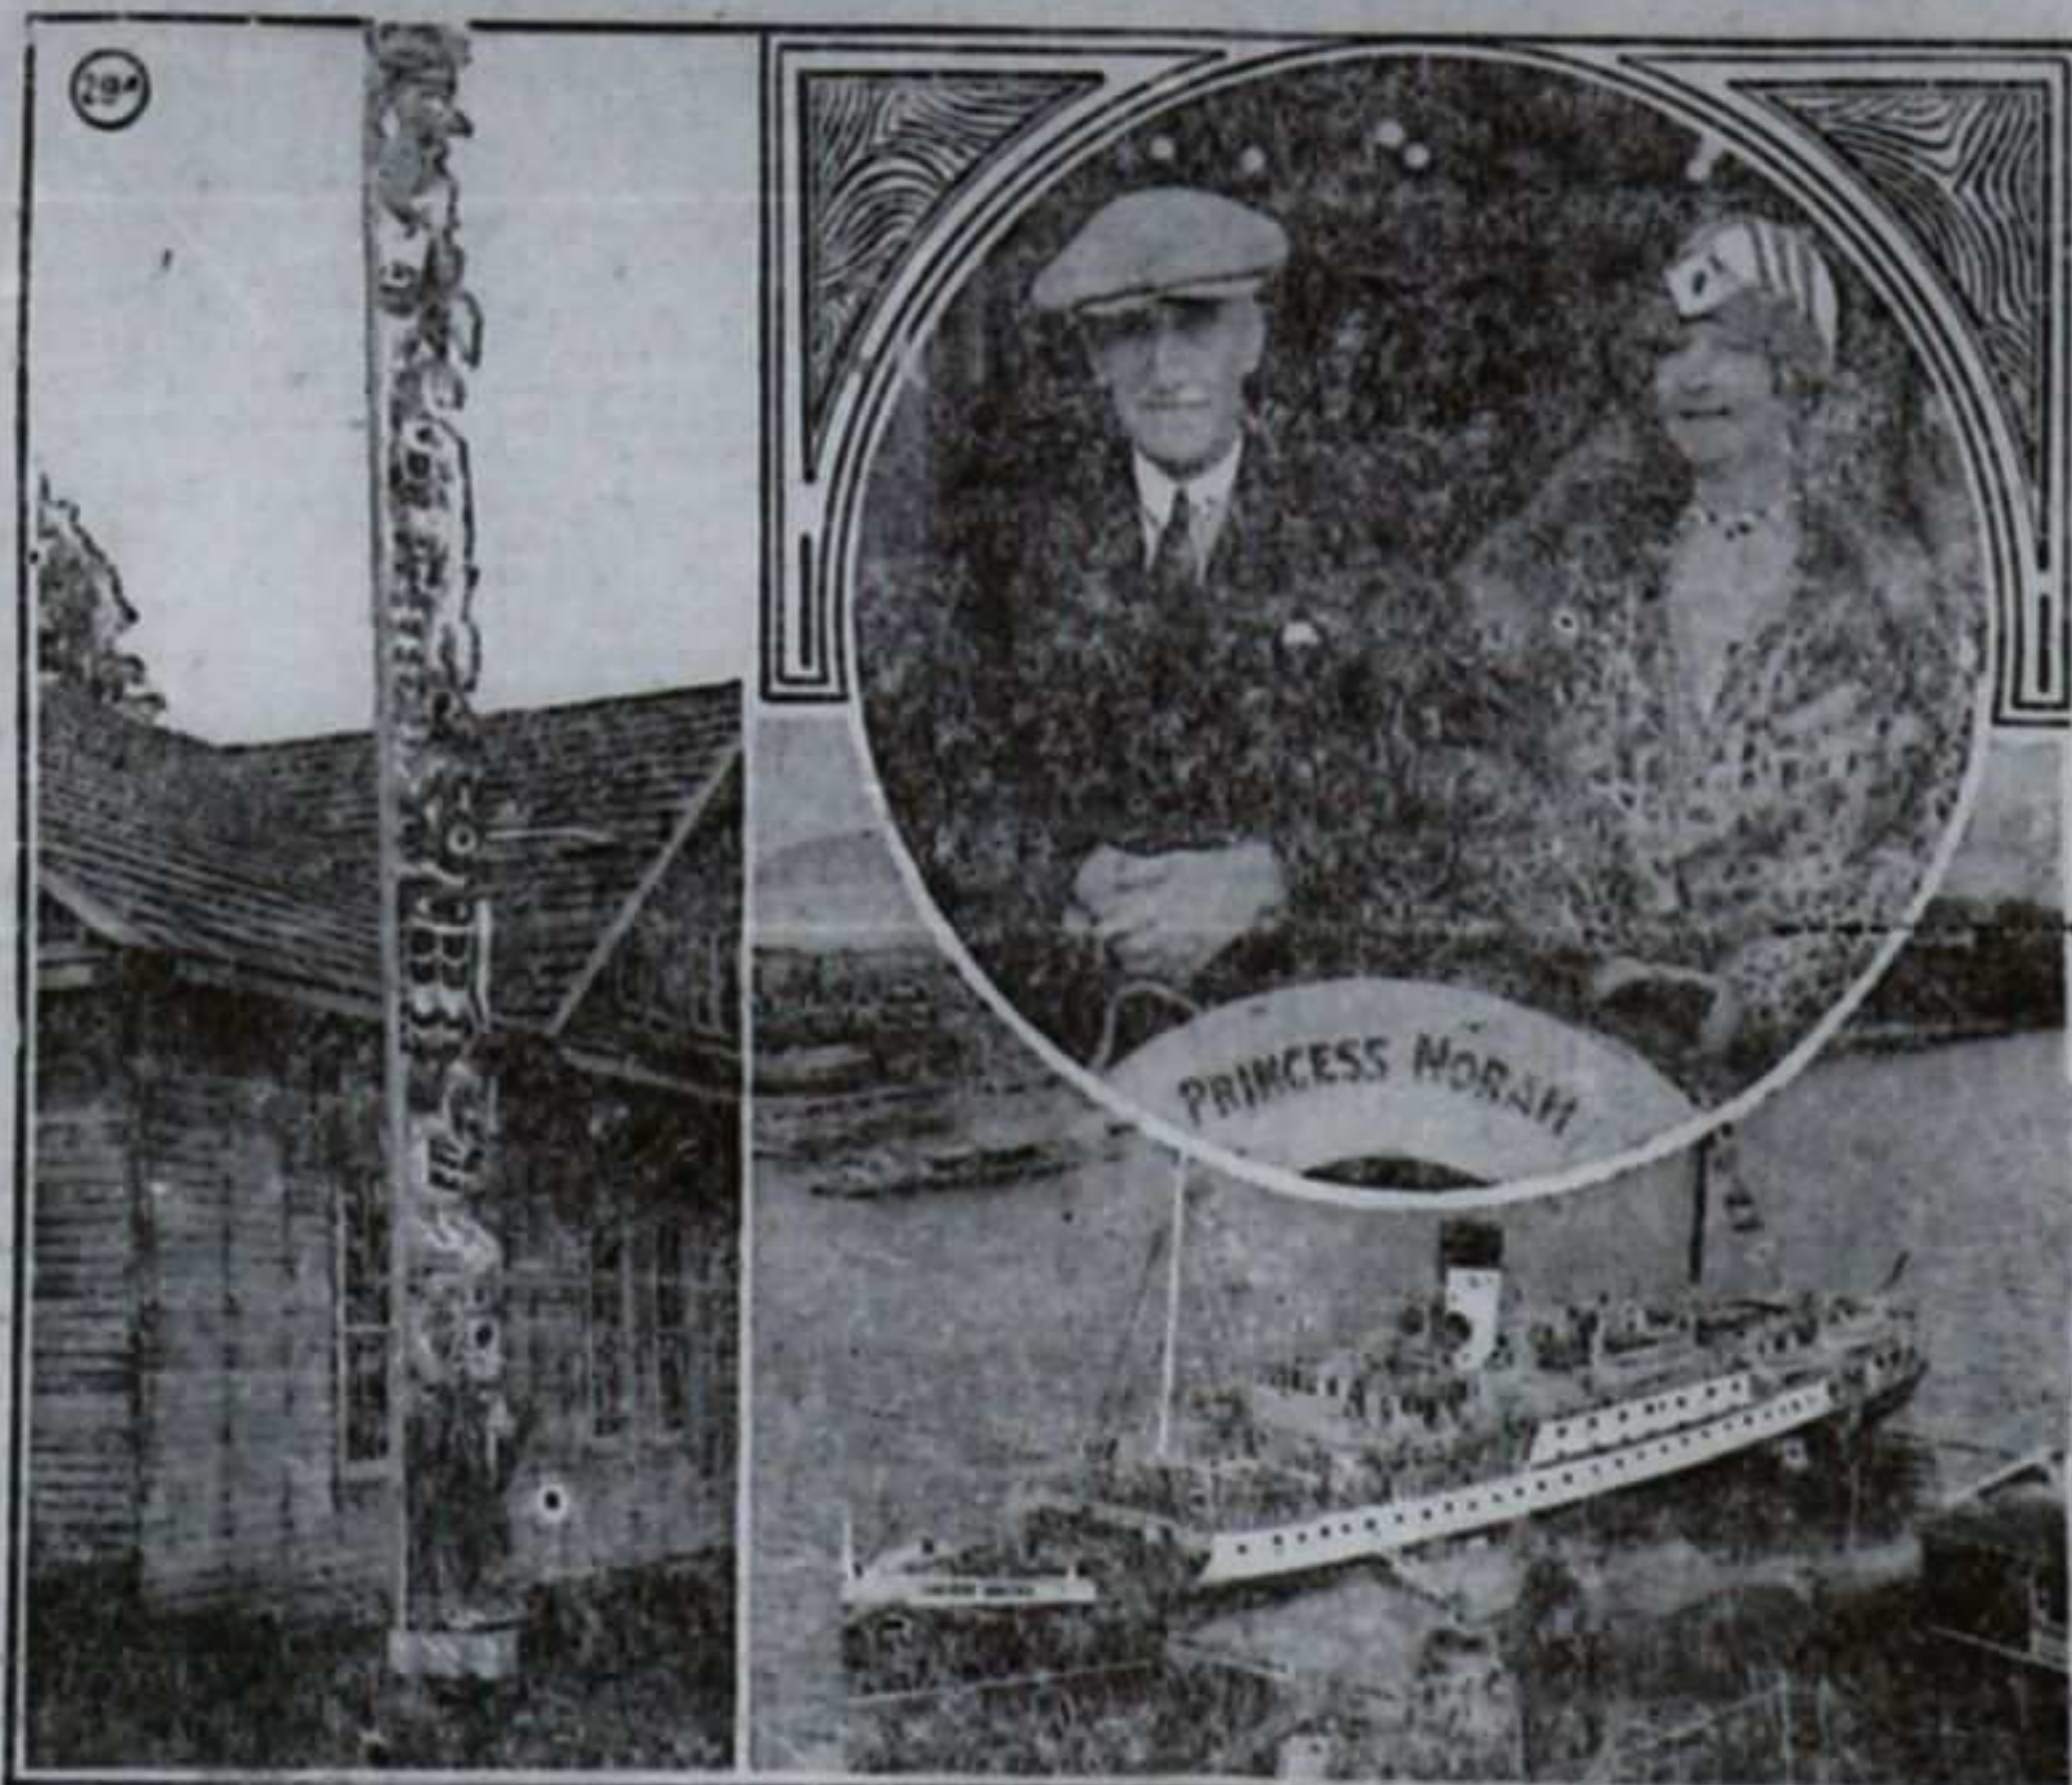

We have absolute confidence in these Dominion Tires. We have watched them in service and we know they will deliver the mileage.

Dominion Royal Cords are the standard by which tires are judged — Royal Masters are in a class by themselves. We have Dominion Tires for every car at popular prices.

FORTY-FOOT GIFT FOR RIDEAU HALL

This steam schooner is one of the finest examples of British art. Right, Their Excellencies Viscount and Lady Willington and the C.P.R. "Princess Norah" on which the first Vancouver Island tour of Vancouver Island was made.

When Viscount Willington, Governor-General of Canada, and Lady Willington visited the West Coast of Vancouver Island on the inaugural cruise of the new Canadian Pacific steamer "Princess Norah" two new epochs were marked for that far-flung corner of the Dominion.

It was the first time that a Canadian Viceroy had ever seen, and in turn, been seen on the rugged coast that is now becoming a part of the nation's important industrial and tourist centres. Further the arrival of the Norah brought the most luxurious passenger steamer ever to ply in regular service in West Coast waters, now to be the permanent run of the staunch little Clyde-built vessel.

The West Coast had decked itself in gala attire for the visit of the great white chief from Ottawa. Vancouver excitement prevailed among water and land alike at the various ports of call. Local interest was heightened by the fact that Their Excellencies cast formally into the spirit of the many receptions and celebrations with a zest not exceeded by any tourist on the coast. Incidentally, Lord Willington intimated after the ter-

mination of his voyage that it would not be the last occasion on which he would see that particular part of Vancouver Island.

Loyalty of the Indians, evident at all points touched, was particularly demonstrated at Friendly Cove, historic spot discovered by Captain Cook in 1779, when a local descendant of the great Chief Maquinna, who first saw the white man, gathered his tribes, the Nootka Indian head, in the great council hall to greet the viceroyal party. It was here that Lord and Lady Willington were recipients of one of the most valuable gifts in the history of the coast Indians, a huge totem pole carved as a gift.

His Excellency stood attentively while the Indian Chief had finished his speech, taking it, probably, for the usual honeyed words of welcome. His astonishment and that of many of the chief's hearers was great when "Billy" Lord, well-known industrial leader on the west coast, acting in the role of unofficial interpreter, told His Excellency that Captain Jack had presented the big forty-foot carving as a gift.

Their Excellencies, sensing this, accepted the gift with delight, and announced that plans would be made to have it removed from its present historical setting to Rideau Hall as soon as possible.

It had to have big six quality to attract such people as these

PROGRESSIVE, representative motorists are being attracted by the thousand to the Pontiac Big Six.

Because it has a Big, six-cylinder engine, with GMR high-compression cylinder head. Because its line-of-drive is accurately balanced. Because it has big, beautiful bodies by Fisher. Because it has the comfort of Lovejoy Shock Absorbers... spring covers... the security of big, noiseless internal-expanding four-wheel brakes and an array of big-car features never before combined at anywhere near its price.

You should see Pontiac Big Six before you decide on any car.

Mr. and Mrs. Fraser Morris and two children, Fraser and Betty have moved to Grimsby from Allandale. They are living at 20 Oak Street. Mr. Morris has accepted a position with the Grimsby Foundry.

"Die when I may, I want to be laid to rest by those who knew me best, that I always plucked a thistle and planted a flower where I thought a flower would grow."—Abraham Lincoln.

FLOWERS

When a town can boast of a good live horticultural society evidence of its growth and usefulness is revealed in a most noticeable and satisfying way. Charming gardens look so friendly with their profusion of well-chosen, carefully nurtured flowers that they seem to beckon one and assure the outsider of a real welcome from the beauty-loving personalities who live within their borders.

Grimsby has many such gardens. Main Street to the motorist is becoming daily more interesting as the seasons advance with its occasional magnolia tree and gay flowering shrubs. Should one love flowers and wish to linger, enquiry discloses the information that beautiful gardens abound and we hear of many here and there that promise pleasures to come in viewing these works of art in nature.

One such garden is especially lovely just now. Here in a sheltered spot the many spring blooms burst forth, some of them two weeks earlier because of their sheltered rocky haven.

It is situated on Adelaide Street, a little quiet side avenue, at the home of Mr. and Mrs. Mark Frampton. From the road one catches a glimpse of cheerful color, as the yellow Alyssum calls you to this beautiful English garden. It is a sunken garden emanating from a background of slab stones piled high.

It was here that Mrs. Ellington-Jones decided eight years ago to beautify this huge pile of stones and visualize transforming it into a beauty spot. She has succeeded wonderfully. Now one sees, instead of an ungainly pile of stones, a picturesque rockery studded with innumerable clumps of

color. The front of the rockery is sunken to relieve monotony and in the centre she built a bed of rocks and flowers surrounded by little hills, valleys and interesting stone walks in unusual places. Here also a bird bath calls to the feathered songsters. Then around the garden edge are miniature plots of perennials and annuals, each one bordered by paths of flat stones. She has in full bloom sky blue forget-me-nots, narcissus, daffodils and yellow alyssum. Dainty Japanese tulips, narcissus and daffodils are there too, dwarf as the name implies. Rock iris, grape hyacinth, cowslips, arabis and flowering nittie vie with each other in color, while the lovely rock phlox which keeps in bloom so long, is there also. Pansies also bloom amid the stone crop which is still green, but which will soon become such a vivid yellow. Many of our English friends on seeing it feel a twinge of homesickness as the memory harks back to the English thatched roof many of which are dotted with patches of this bright moss.

Mrs. Jones a year or two ago won permanent possession of the shield given by the Horticultural Society of Grimsby for having the best flower garden throughout the season, having been awarded first prize for three successive years 1925-27. Last year the coveted cup was won by Mrs. J. A. Wray with her lovely garden. Competition this year is keen and it is with pleasure that we anticipate the beauties about to be revealed during the coming months in the many interesting gardens in Grimsby. M.A.B.

Editor, Woman's Page:
Your article on "Letters" in a recent issue was appreciated by one mother, who received three letters from her daughters. One daughter said she must be the one who never writes, as the editorial fitted her case exactly.
Thank you, Mrs. Editor.
ONE MOTHER.

WITH THE WOMEN'S SOCIETIES

LITERARY MEETING

The closing meeting of the literary gatherings of the I. O. D. E. took place Monday. The programme was entirely of American literature and the selections chosen reflect great credit on the able convenor, Mrs. Cline. Quite a large number were present and enjoyed the following programme:

Distinguished Americans whose names appear on the tablets in the Hall of Fame, N.Y. University, by Mrs. Briscoe, Rip Van Winkle (Washington Irving), Mrs. Lothian, The Bumble Bee (Emerson), Mrs. Catton, Mark Twain, read by Mrs. R. H. Hughes, Main West. Selection from J. Chandler Harris by Mrs. G. W. Wood, Poems by Wendell Holmes, Mrs. E. Emm, The Message to Marcia (F. Hubbard), Mrs. Wolfenden, Two poems by Edgar Guest, Mrs. C. Longfellow's Rainy Day, Mrs. Frampton. Music by Oliver Merritt. Violin and piano selection by Messrs. Carmen and Aylmen Milligan.

Both the readers and the musical artists deserve much credit for their excellent rendition of the parts taken by them, and all are looking forward to the re-opening of the literary programme in the fall.

BRIDGE CLUB

The I. O. D. E. Bridge Club meets Monday, May 20th at three o'clock at the home of Mrs. Liddle. Members and friends are most welcome.

RELIEF COMMITTEE APPEAL

The Relief Committee of the I. O. D. E., who do so much good work in relieving distress are asking the citizens of Grimsby to save all papers and magazines, and if they call 163,

YOUR EYES and Our Service

During the next few weeks in this paper the subject of Optometry will be dealt with from every angle. What Optometry is and is not will be explained. The value of Optometry to the public will be discussed. The prevalence of errors of vision and the means by which the Optometrist corrects them will be considered. And many other facts regarding the eye service of the public.

Make it a point to follow the series carefully.

Vernon Tuck
Jeweler and Optometrist
GRIMSBY ONTARIO

collectors will call for same immediately.

WOMEN'S INSTITUTE

The annual meeting of the Women's Institute will be held Monday, May 21st, at the home of Miss Harvey. Roll call answered by payment of fees. Demonstration of cake icing will be given by Miss Harvey. Election of officers takes place and a full attendance is requested.

TEMPERANCE UNION

The Grimsby Woman's Temperance Union met on Wednesday, May 1st, in Trinity Hall Parlor, with the president, Miss Reid, in the chair. Rev. Mrs. Wood gave a very interesting Bible talk.

The Provincial Executive has asked every Union to use the Mirror Pledge cards which are, in short, a reminder to the temperance people of Ontario to remember the temperance situation in daily prayer.

The clip sheet program was used which brought out some very interesting items. For instance, a Baltimore paper referred to a saloon in that city that has run day and night for 78 years. The present proprietor remarked: "I'm not going to take a chance on a five-year jail sentence with, maybe, a \$10,000 fine added to it. So I am closing up permanently."

The County W.C.T.U. Convention was announced for the second week in June. It is to be held in Jordan. The local Union is entitled to send about twenty delegates so it is hoped that it will be well represented.

MEMORIAL

The citizens of Grimsby will be glad to hear that the Daughters of the Empire are discussing the almost forgotten plan of having the name put above the Cemetery Gates. It is to be regretted that this memorial has been so long unfinished. A tag day will be held for this purpose in the near future.

HOUSEHOLD HINTS

Dampen a cloth with kerosene in cleaning porcelain, woodwork and linoleum. It acts like magic.

POETRY

BLOSSOM TIME IN GRIMSBY

Along Provincial Highway,
Its number eight, each way,
A town you'll see called Grimsby,
With Beamville o'er the way,
With shady trees and winding brook,
Convinces one to take a look,
With mountain high and valley deep,
With fruit galore and flowers sweet.

In blossom time both pink and white,
With gorgeous fragrance deep,
And scenery that pleases you,
You'll find along the way.

A trip like this you'll not forget,
It will linger long in memory,
And happy thoughts of blossom time
Are nowhere else but Grimsby.

WINONA

(From our own correspondent)

The many friends of Miss Hazel MacKidd, will be glad to know that she was able to return home last Sunday, after her operation.

The stork paid a visit to the home of Mr. and Mrs. F. M. Davis last Thursday bringing a little daughter.

Mrs. S. MacFarlane had the misfortune to fall from the verandah, one day last week bruising one eye terribly.

There was a large congregation in St. John's Anglican Church last Sunday, both morning and evening. Rev. D. J. MacClennan, the new rector, preached for the first time in this church.

Mr. MacClennan gave a short but interesting talk to the girls and boys in the morning, on the subject of "Mother's Love." This was followed by an inspiring sermon on "Co-operation."

A large congregation attended the

Mother's Day service in Fifty United Church on Sunday morning. Special Music was rendered by the choir, which consisted of mothers.

The Ladies' Aid of Fifty Church are holding a Blossom Tea in the Sunday school room on Friday afternoon of this week.

Miss Fern Hewitt spent the week-end in Hamilton.

Mrs. (Dr.) Steele is on the sick list. Mrs. Arthur Guy and little daughter, Marion, visited relatives in Winona on Wednesday of last week.

Mrs. Ecker of Hannon is visiting her daughter, Mrs. A. L. Fletcher.

Mr. and Mrs. J. Foran of Hamilton were in Winona on Sunday last.

Murray Graham of Toronto spent the week-end at his home here.

Little George Hunter has returned home after visiting his grandmother in Toronto.

Many motorists passed through here last Saturday and Sunday, viewing the beautiful array of blossoms. A continual string of motor cars glistened along the highway. This made it very difficult for pedestrians walking on the highway.

Miss Marjorie Steele of Toronto spent the week-end at her home here.

The Spring Y.P.L. United Church Conference will be held in Centenary United Church, Hamilton, on Monday evening, May 20th.

Rev. D. J. MacClennan and family moved into the Rectory on Thursday of last week.

J. G. White is confined to his home through illness.

VINEMOUNT

Misses Mary Hildreth and Annie Johnston, delegates from the Stoney Creek Junior W. L. and Vinemount W. L. and Misses Isabel Metcalf and Esther Upper, representing Grassies W. L. spent a very enjoyable week at the girls' conference in Guelph.

The regular meeting of the W. L. for the election of officers will be held on Thursday. The roll call will be suggestions for next year's program. The lunch committee are Mesdames G. Gowland, J. Penfold, W. Smye and E. Hildreth, and the convener of music is Mrs. R. Grigg. On Monday the Vinemount institute will join with the Stoney Creek branch for the summer meeting. Mrs. Hunter, of Brampton will be the speaker.

The Stoney Creek junior institute will meet at the home of Dorothy Thomas, Taplestown, instead of at the home of Pearl Krick. Reports of the Guelph conference will be given.

The Rock Chapel W.M.S. met at the home of Mrs. W. VanDuzer, on Tuesday afternoon.

Dorothy Thomas, Taplestown, who has been away for some time, has returned home.

Rev. Mr. Isaacs and Mrs. Isaacs and family, of Stoney Creek, and Miss Wilkins, R.N., of England, were Sunday guests of A. W. and Mrs. Little.

Mrs. H. O'Neill of Hamilton was the guest of Mrs. James Thompson over the week-end.

BEAMSVILLE

The members of the Lillian Starr Chapter, I. O. O. E., will have a paper chase on Thursday afternoon. In the evening the monthly meeting of the Chapter will be held at the home of the regent, Mrs. A. Allison.

Mrs. Robert McIntyre entertained a number of friends at a bridge party Tuesday afternoon.

Wilfred Lay left on Sunday for Winnipeg, where he will travel for a drug company.

Preparations are being made for the Beamsville Chamber of Commerce banquet which will be held in the community hall tonight. Hon. Dr. Forbes Godfrey will be the chief speaker.

How to Reduce Varicose Veins

Push Gently and Upward Toward the Heart as Blood in Veins Flows That Way

Many people have become despondent because they have been led to believe that there is no remedy that will reduce swollen veins and bunches.

If you will get a two-ounce original bottle of Moore's Emerald Oil (full strength) at any first-class drug store and apply it night and morning, a directed you will quickly notice an improvement which will continue until the veins and bunches are reduced to normal.

Moore's Emerald Oil is a harmless, yet most powerful germicide and two ounces last a very long time. Indeed, so powerful is Emerald Oil that old chronic sores and ulcers are often entirely healed and persons who are disappointed with its use can have their money refunded.

T. Dymond sells lots of it.

THIRTY MOUNTAIN

(From Our Own Correspondent)

Charley Morley was in St. Catharines on Wednesday.

Mr. and Mrs. J. Sweet and family were visiting her sister, Mrs. W. Field at Spring Creek on Sunday.

Mr. and Mrs. Dodsworth visited friends in Hamilton on Sunday.

Mr. Story gave a lecture and showed lantern slides on Argentine in the Thirty Church Tuesday evening.

Mrs. A. Hurst is visiting her sister, Mrs. Albert Hurst, this week.

M. McMaster of Hamilton is spending a week's holiday at his home here.

Egbert Hurst drove a few O. H. A. Students to Guelph on Thursday, it being College Night at the Masonic Lodge.

Mr. and Mrs. Woodhouse of Hamilton were Sunday visitors at Mrs. Geo. Coomber's on Sunday.

STONEY CREEK

(From Our Own Correspondent)

Last Monday evening the Guild of Cheyne Presbyterian Church held its last meeting for the season at the home of Miss Edna Smith.

Master Norton Parrott has been confined to his home through illness for the past two weeks.

The community sustain a great loss in the death of Mr. Severight last Wednesday. He was the manager of the Cannon Nurseries for many years and took an active interest in all the affairs of the district.

The annual meeting of the Junior Institute will be held on Wednesday afternoon, May 15, at three o'clock at the home of Mrs. Krick. Election of officers will take place.

Rev. J. G. Isaac and Mrs. Isaac, who have recently moved to the village from Hamilton, will be at home on Wednesday, May 15, from 4 to 6 in the afternoon and from 8 to 10 in the evening.

The annual meeting of the Women's Institute took place on Thursday in the Sunday School of the United Church. Arrangements were made for the summer get-together on May 27th, when W. J. Hunter of Brampton will be the government speaker. An interesting address on "The League of Nations" was given by Mrs. J. F. Felker and Mrs. Wigham played a piano solo very pleasingly. The following officers were elected: Honorary president, Mrs. J. B. Davis; president, Mrs. O. M. Nash; first vice-president, Mrs. Emberley; second vice-president, Mrs. Boden; secretary-treasurer, Mrs. H. Lee; assistant treasurer, Mrs. S. Nash; directors, Mesdames Bertram, McLeod, Smith, Grainger, Beaumont, Freil.

BINBROOK

Mrs. T. Evans has returned home from the Hamilton General Hospital. John Weaver is ill of pleurisy.

The United W.M.S. met Wednesday afternoon in the Sunday school room, with a fair attendance. Mrs. M. Johnston was appointed organist, as Mrs. Laidman is not able to attend the meetings. A leaflet, "The Needle's Eye," was read by Mrs. A. Johnson.

A solo by Miss Aileen Johnson, a leaflet by Mrs. F. Yates and a duet by the Misses Mary Bartlett and Clara Ecker were enjoyed. The meeting closed with the president, Mrs. E. Lester, time was spent in quilting.

Mrs. W. J. McEvoy is ill of pleuro-pneumonia.

Wednesday, May 15, the United Ladies' Aid will meet at the home of Mrs. Morley Weaver.

A. and Mrs. McNeilly of Kingston are visiting the latter's parents, M.

and Mrs. Johnson.

Mrs. Eccles of Hamilton is staying with Mrs. N. Laidman.

A. C. and Mrs. Eddy spent Tuesday afternoon at Winona.

Miss Clara Ecker is staying with friends in Hamilton.

Several from here attended the Blackheath Institute meeting Wednesday afternoon at the home of Mrs. T. Gowland.

The farmers in this community have started to work on the land, after a long period of wet weather.

NOTES OF NEWS FROM NEARBY CENTRES

GET THREE YEARS

Only strong evidence as to the good character of the accused produced by his counsel, at Welland City Court on behalf of Percy Raymond Chandler, colored, of Fort Erie, who recently pleaded guilty of robbing 15 Chinese of the sum of \$770 at the point of a gun at 41 Fourth street, saved accused from five years in the penitentiary; Magistrate Goodwin imposing a three-year term.

FIRST NAVIGATION

Thorold was the scene of the first actual navigation of the new Welland ship canal. Water was let into the stretch from the railway bridge below lock 25 down to Peter street, and recently two dredges were towed in and down to the Thorold dock, to await the next movement. This will be to move the dredges up to where the two canals have the same level. Then they will begin the work of deepening the present canal to the depth required, the present channel there being the ship canal course.

This is the first actual navigation of the great waterway, the beginning of Canada's wonderful system of navigation from the Atlantic to the Rockies.

19 NEW PAVEMENTS

It looks as if St. Catharines will maintain its reputation as one of the best paved cities in the province for at a recent meeting, the city council authorized the construction of nineteen new pavements. Of this number four will be asphalt surfaces over existing pavements. The city engineer was authorized, pending the passing construction by-laws, to employ the necessary labor, purchase the material required and proceed with the construction of these works by day labor as in previous years.

NIAGARA PENINSULA SANATORIUM

Remarkable results of Sanatoria treatment: In 1900, when Canada had but fifty beds available for the treatment of Tuberculosis, the death rate from this scourge was 180 per 100,000 of population. In 1914, with 1840 beds in Sanatoria, the death rate was reduced to 108 per 100,000. In 1919, with 3,860 beds the death rate was 96, and in 1927, with 4,857 beds, 81.6 per 100,000.

In Ontario, in 1900, Tuberculosis deaths formed 11.8 per cent. of the total deaths from all causes, and in 1925 Tuberculosis deaths were only 5.8 per cent.

Do we need more convincing evidence of what Sanatorium treatment means to sufferers from this dread disease.

Aid For Purchase Of Church Asked

Would Buy Former Presbyterian Church in Beamsville—Synod Asks For Assistance—Four Churches in Village.

At the session of the Presbyterian synod of Hamilton and London at Paris last week Rev. Dr. S. B. Nelson asked for aid for Beamsville where church needed assistance. There are now four churches in the small town and no new church is necessary, but he asked for aid in purchasing the former Presbyterian church.

Rev. Mr. McConnell suggested that what Paris was doing in Ayr each Presbytery could do in such cases as that of Beamsville.

By resolution this was concurred in. It will mean securing church buildings for minority congregations now without such.

Memorial Bridge Bill Passed

Would Erect Passenger Structure At Niagara Falls—Hon. J. D. Chaplin, Member For Lincoln, Opposed Measure.

The Niagara Falls Memorial Bridge bill was passed by the house of commons committee recently, but only after it was amended placing the location of the bridge in the hands of the railway committee. During the discussion a telegram was read from Premier Ferguson pointing out that the Ontario Legislature had authorized the parks commission to construct a bridge across Niagara River, and asking that no charter be granted to anyone else.

The bill as presented to the committee contemplated the erection of a passenger structure from a point between Canadian National Railways on river road and the north limit of Bender street, Niagara Falls, Ont., to a point in Niagara Falls, N. Y., north of the present upper steel arch bridge. It was pointed out to the committee, though that there are already two bridges crossing the Niagara near this point.

Considerable cross-firing developed. Hon. J. D. Chaplin, Conservative, Lincoln, and member of the Niagara Falls Park Commission, opposed the measure. The proposed structure, he declared, was not in public interest. "This bill is not in accord with the wishes of the province of Ontario or the Niagara Falls park commission," Mr. Chaplin stated.

He had worked ardorously for years in the public interest as a member of the Niagara Falls park commission, and the proposed location was most improper. Mr. Chaplin declared that a measure for approval of the scheme was before the New York State legislature and was making no progress.

George H. Pettit, K.C., (Conservative, (Welland supported the bill. When the measure was before parliament last session, he stated, "the same arguments were used in opposition. The province of Ontario, he continued, had made no move in the direction of erection of the required new bridge until this company had presented its scheme.

Held Blameless By Coroner's Jury

Magistrate Jells And Police Officials Freed From All Responsibility In Case Of Woman Whose Infant Died In Jail.

Magistrate Jells and police officials on May 1st were absolved of all responsibility by a coroner's jury investigating the death of a new-born infant at the Hamilton jail, April 17. The child was born to Mrs. Nick Minnigan at the city jail, where she had been confined a few hours previously after being convicted on a breach of the Liquor Control Act. She was given the alternative of a fine but this was not paid. Mrs. Minnigan gave birth to twins and the jury found the births had been premature, and the first child still-born.

The jury recommended that all prisoners be examined upon admission, the sick segregated and given medical attention. The inadequate facilities were deplored by the jury and they believed assistance should be given the present matron so as to preclude the possibility of recurrence. At the inquest, Mrs. Minnigan swore she told the magistrate of her condition when he sentenced her and to the police official at various times.

Her husband claimed he was totally ignorant his wife had been summoned to appear in court for "illegal possession of liquor" and had not seen her till she was in jail.

ROD AND GUN

The May issue of Rod and Gun and Canadian Silver Fox News, the well known Canadian outdoor magazine contains a very interesting selection of stories and articles. Among these are the regular contributions of Bonnycastle Dale, Robert James and J. W. Winson of these there are several splendid hunting, fishing and outdoor stories by other authors.

The special departments on angling, guns and ammunition outdoors and kennel are packed with highly interesting material for all outdoor lovers and the Canadian Silver Fox News section with instructive articles concerning this great industry by well known authorities.

Rod and Gun and Canadian Silver Fox News is published monthly by W. J. Taylor, Limited, Woodstock, Ontario.

Many Grain Boats Held Up

Fifteen Vessels With 5,000,000 Bushels at Pt. Colborne—Also Over 3,000,000 Bushels In Elevators.

With over eight million bushels of grain at Pt. Colborne the jam at that port is one of the worst ever known and the seriousness of the situation is only increased by the statement of marine men that "there is no real relief in sight."

Some fifteen vessels from the head of the lakes with 5,065,000 bushels aboard are tied up there. They are moored at the Government elevator, Maple Leaf Mill, all along the pier and at the dock of the Canada Furnace company. The elevators there are housing approximately 3,250,000 bushels.

NEED 115 CANAL BOATS

Some idea of the tremendous gravity of the jam may be gathered from the fact that allowing the average cargo of canallers to be 70,000 bushels, it would require about 115 to take

away the grain that is waiting there, and at present only one or two are arriving daily and there is no indication that this condition will be improved any for some time to come.

Despite the fact that the congestion has reached such a bad stage there is every possibility that it may become worse, for more upper lakers are expected to clear for Port Colborne.

It is not improbable that the general tie-up in the grain trade will last for many weeks to come. If no additional upper lakers arrived and canal tonnage continued as slow as it is now, the situation would not be entirely cleared up for over a month. Taking a general view of the situation with the market for wheat as slow as it is at present, there is a real possibility that the tieup will continue at Montreal and Port Colborne for many weeks.

Farmers May Visit New York

Agriculturists of Welland And Lincoln Counties Planning Tour of 1000 Miles This Summer.

Last year farmers of Welland and Lincoln counties enjoyed a splendid trip around Lake Erie in course of which they covered more than 850 miles. This year it is the intention of the agricultural offices of Welland and Lincoln to inaugurate a still more important educational tour, one to New York City.

If it can be successfully arranged the tour will begin on June 17th. It will take in among many other places of interest, such famous spots as the Geneva, N.Y., experimental station, the Ithaca stage college, and the Briarcliffe Aberdeen-Angus farm. The distance covered will be approximately 1,000 miles.

The local agricultural office is getting in touch with County Warden C. F. Monroe and the Reeves of the different municipalities with a view to enlisting their sympathy in the project and their co-operation in inducing the farmers to take advantage of this trip. Agricultural Representative E. F. Neff of Lincoln county is doing the same.

Here and There

The contract for a new fast steamer to ply between Saint John and Digby, Nova Scotia will shortly be awarded by the Canadian Pacific Railway. It has been announced by E. W. Beatty chairman and president of the company. The ship will be of the highest standard, 340 feet in length, capable of carrying 500 passengers, and having 44 state rooms for night service. There will also be accommodation for 50 motor cars. The speed of the vessel will be 12 knots, an unusually high speed for a short trip.

The sap ran freely this spring, but it will have to go some to surpass the record for last year when there was an increase of four million pounds of maple sugar registered by government statisticians. The output was valued at over two million dollars, and Quebec headed the list of provinces as producer, followed by Ontario.

The daily pay-roll of the Canadian Pacific is \$267,000; the daily outlay for material and supplies is \$220,000, and the daily tax bill over \$20,000.

Prince George, Duke of Gloucester, third son of His Majesty, will early in June officially open the great Royal York Hotel of the Canadian Pacific Railway in Toronto. It has been announced by E. W. Beatty, K.C., chairman and president of the company. The building is the tallest in the British Empire, towering 23 storeys above the pavements of the "Queen City."

In a recent Calgary high-school oratorical contest in English candidates in the finals were born respectively in Canada, England, Lithuania, Roumania, and Russia. Of three Edmonton candidates one was of French, one of German, and one of Scotch extraction.

Few souvenir-hunting travellers have bagged as fine a prize as Viscount Willingdon, Governor General of Canada, who was presented with one of the biggest 70-ton poles on the Pacific coast during his recent cruise in the Princess Norah, latest addition to the fleet of the British Columbia Coastal Steamship services of the Canadian Pacific Railway. His Excellency was given an insight into the activities and potentialities of Vancouver Island and was much impressed by the beauty of the coastal scenery.

When fern turns yellow, slice a raw potato and put it on top of the soil. This will draw out the worms.

BUILDING SLUICES

Construction work on the building of seven sluices for the safety weir of the Welland ship canal near the Ontario Paper Co. mill at Thorold has started and will be carried on throughout the summer. This work started with the completion and placing in service of the temporary trestle across the canal, cutting out the detour which had been a nightmare to motorists for some time. The deck on the seven sluices will be built this summer and the new bridge across the canal will be erected and ready for opening by April of next year.

RATE IS 39 MILLS

The tax rate for Port Colborne this year was set at 39 mills by council recently, an increase of one mill over last year. The boost was necessitated by the jump of \$6875, 1 3-4 mills, in the county rate, directly due to the increased assessment on the refinery of the International Nickel company.

SHORT CHANGED

Husband (after bridge hand): You might have guessed I had no heart, partner.
Wife: Quite; but I thought you had a brain, darling.—Tit-Bits.

KEEP YOUR COMMUNITY ALIVE

There is nothing worse than a dead community. Try as hard as it may to conceal the facts, the truth is written all over it, so that he who runs may read. No camouflage of bluff or bluster can conceal the truth from anyone who comes within the limits of the community. The worst part about it is that once dead a community never survives. The fact that it seldom can "come back" is easily explained.

The growing and prosperous town today is one that can attract new residents as well as capital. It is one that can offer attractive inducements to the outlying investor, whose faith is built up in the progressive and co-operative spirits of its own community residents. A prosperous community is the same as a large corporation. They are stockholders, and as such look carefully to it that its affairs are administered in such a manner that it pays a good substantial dividend. This can only be accomplished by buying in your community, keeping your money in circulation so that it will come back to you. Patronize your merchants, encourage them to expand in a business way. Talk Grimsby. Boost Grimsby, and in doing so, keep on keeping a "Live Community Alive."
